English-Vietnamese Edition: Bilingual Dictionary for Vietnamese-speaking teenage and adult students of English Periplus Editions (HK) Limited

Research shows that learning a second language boosts problem-solving, critical thinking, and listening skills, in addition to improving memory, concentration, and the ability to multitask. Children proficient in other languages also show signs of enhanced creativity and mental flexibility. There is a "critical period" or "window of opportunity" when children learn languages best. Studies have shown that this is when children are between birth and six years old. The younger children are, the easier they will learn a second language. As they get older that ability diminishes. These easy and fun flashcards aim to help parents as a useful educational tool for kids to learn a new language.

**Church Bible-NIV** Cambridge University Press

Milet's New bilingual visual dictionary series provides an entertaining way for children to learn words in two languages.

The dictionary features useful, everyday words that will help learners to build their vocabulary. The words are grouped by subjects, so children can focus on one set of related words at a time. The text is large and easy to read, and the vector illustrations are colorful, detailed and highly realistic.

Vietnamese vocabulary book + Vietnamese dictionary This

Vietnamese vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Vietnamese-English as well as English-Vietnamese dictionary which makes this a great resource for learners of all levels. What you can expect from this book:

This Vietnamese learning resource is a combination of Vietnamese vocabulary book and a two-way basic Vietnamese dictionary: Part 1 - Topic based Vietnamese vocabulary book: This is the main part of the book and represents a list of chapters each containing Vietnamese vocabularies for a certain topic. The Vietnamese vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined

alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Vietnamese dictionary: The index in the second half of the book can be used as a basic Vietnamese dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Vietnamese-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for

Vietnamese words and directly find the English translation. How to use this Vietnamese vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Vietnamese dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the

Vietnamese translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Vietnamese dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Vietnamese and comes in particularly handy at times when there is no internet to look up words and phrases.
