Jalen Waltman's Spanish 3A is for first semester level 3 high school Spanish, and 3B is for second semester level 3 high school Spanish. The focus in Spanish 3 is to get students speaking Spanish more conversationally, so each lesson includes a daily guided conversation topic (question) for partners and/or groups to discuss. Another goal in level 3 is to get students started doing more expository Spanish writing, so 3A contains 6 "journal prompts" on topics such as school plans and friendships, and 3B has 4 journal prompts on topics such as art and the environment. At this level, students start preparing more explicitly for the speaking and writing demands of AP Spanish Language and Culture should they choose to go that far in their Spanish program. Spanish 3A and B lessons teach sets of vocab strings with skits just like levels 1 and 2 do, and include a pretty heavy load of grammar topics. 3A reviews pronouns, present tense, ser and estar, preterit and imperfect, and present progressive; it introduces present subjunctive, future, and conditional, past progressive, and present perfect. 3B introduces past perfect, reviews and digs a little deeper into preterit and imperfect as well as the present subjunctive, then reviews future and conditional, and if you and your students are up for it, ends with past subjunctive. (It's okay if you don't get that far in the grammar lessons in 3B.) The lessons include a complete vocab list by semester for students, a grammar topics list by semester for students, daily warm-up quizzes, skit scripts, page-long Spanish readings recycling the vocab/grammar content of the skit, daily conversation topics and sentence-starters for responses, writing activities, grammar topics (you use your own textbook materials or grammar workbooks and worksheets to go with the topic) and grammar homework assignments, two "mini" tests per semester plus midterm and final exam (plus practice tests for each.) The lessons are designed so that once you have your copies made, you can just flip the pages and teach. All masters are included and ready to copy, including sub plans. The Peace Book

Henry Holt and Company (BYR)
There has been a terrible mistake. Instead of having thirty classrooms side by side, Wayside School is thirty storeys high! (The builder said he was sorry.) Perhaps that's why all sorts of strange and unusual things keep happening - especially in Mrs Jewls's classroom on the very top floor. There's the terrifying Mrs Gorf, who gets an unusually fruity comeuppance; Terrible Todd, who always gets sent home early; and Mauricia, who has a strange ice-cream addiction. Meanwhile, John can only read upside down, and Leslie is determined to sell her own toes. From top to bottom, Wayside is packed with quirky and hilarious characters who are all brought to life in this new edition with delightful illustrations by Aleksei Bitskoff throughout. This is an unmissable, irrepressible story of mixed-up mayhem from Louis Sachar, the bestselling author of Holes.

#1 NEW YORK TIMES BESTSELLER • NEWBERY MEDAL WINNER • NATIONAL BOOK AWARD WINNER Dig deep in this award-winning, modern classic that will remind readers that adventure is right around the corner—or just under your feet! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times *Includes a double bonus: an excerpt from Small Steps, the follow-up to Holes, as well as an excerpt from the New York Times bestseller Fuzzy Mud.

THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious

compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.
