A tale of funny bunny money for Rosemary Wells's bestselling Max and Ruby! It's Grandma's birthday, and Ruby knows exactly what Grandma would love—a beautiful ballerina box. Max also knows what she'd love—a scary pair of ooey-goopy vampire teeth. Ruby has saved up a walletful of bills, but as unexpected mishap after mishap occurs, money starts running through the bunnies' fingers.... Will they have enough left for the perfect present? Wells' adorable story is also a fun and lively introduction to early math.

**Praharfeast** Candlewick Press (MA)

Rollicking rhyme with superb illustrations, this book will become a firm favourite in any household. Then down to the river came a little green frog and a hog from the bog and a dog on a jog, all a-quiver by the river where Marmaduke swam ... Marmaduke Duck eating marmalade jam. Wonderful rhyme and hilarious action makes this a truly wonderful read-aloud title—wait till you come across llama farmer Palmer!

### **The Missing Piece Meets the Big O**

HarperCollins  
A 2019 Caldecott Honor Book What's in a name? For one little girl, her very long name tells the vibrant story of where she came from — and who she may one day be. If you ask her, Alma Sofia Esperanza José Pura Candela has way too many names: six! How did

such a small person wind up with such a large name? Alma turns to Daddy for an answer and learns of Sofia, the grandmother who loved books and flowers; Esperanza, the great-grandmother who longed to travel; José, the grandfather who was an artist; and other namesakes, too. As she hears the story of her name, Alma starts to think it might be a perfect fit after all — and realizes that she will one day have her own story to tell. In her author-illustrator debut, Juana Martinez-Neal opens a treasure box of discovery for children who may be curious about their own origin stories or names.

Alma and How She Got Her Name Frances Lincoln Children's Books  
NOW AVAILABLE AS AN EBOOK! From New York Times bestselling author

Directions Publishing

Miller Williams' *Patterns of Poetry* is an encyclopedia of the forms used by poets throughout the history of English, from blank verse to hymnal measure, from englyn penfyr to the double dactyl, from the clerihew to the sonnet. Each form is introduced with a brief discussion of its origin, which is followed by a graphic presentation of its scansion, metrics, and rhyme scheme. Sample poems show how each form actually works. Williams begins *Patterns of Poetry* with an introduction entitled "Form and the Age," in which he traces the history of form in the arts and the ways in which any form relates to the political, social, and religious temper of the period in which it

becomes dominant. He then prefaces the main text with useful notes on rhyme, prosodic symbols, the major feet, metrics, and nonce forms. Also included in the book are a glossary; a bibliography; a listing of additional poems in the various patterns (poems not included in the text but of great use to teachers); an essay on the line as the prosodic unit; and an index.

The Tyger Houghton Mifflin Harcourt

Why is the Brazilian rainforest vanishing so quickly? And why is it essential to the whole world? This story describes how a native tribe is battling potential developers. Can a solution be found that will protect the forest and allow the tribe to continue living as they always have done, while benefiting from limited development? Ages 7 and up

Zig-zags at the Zoo

Candlewick Press (MA)

From jaguars to anacondas, this series introduces early readers to animals of the rain forest. Students learn about each animal's physical characteristics, behavior, life cycle, and habitat.
