"In his chateau and elsewhere, la Sceve undertakes a series of complex and often comic experiments: he records his own dreams and speculates on their relation to waking life; he studies sleeping cats, rabbits, and other animals (and observes rapid eye movement almost two centuries before modern science discovers it); he records the sleep and dream experiences of a Swiss soldier and a pair of Siamese twins. And, because sleep and dreams are often in close proximity to the erotic, he considers the relation of dreaming and sexual activity, heroically undertaking firsthand research with various women (with the notable exception of his wife).".

Humorist Cathy Crimmins has written a deeply personal, wrenching, and often hilarious account of the effects of traumatic brain injury, not only on the victim, in this case her husband, but on the family. When her husband Alan is injured in a speedboat accident, Cathy Crimmins reluctantly assumes the role of caregiver and learns to cope with the person he has become. No longer the man who loved obscure Japanese cinema and wry humor, Crimmins' husband has emerged from the accident a childlike and unpredictable replica of

his former self with a short attention span and a penchant for inane cartoons. *Where Is the Mango Princess?* is a breathtaking account that explores the very nature of personality-and the complexities of the heart. In 1965, Carol Schaefer was 19, a freshman in college and deeply in love. She was also pregnant. When her boyfriend's family opposed their marrying, her parents sequestered her in a Catholic home for unwed mothers a state away, where she was isolated and where secrecy prevailed. She had only to give up her baby for her sin to be forgiven and then all would soon be forgotten she was told. The child, in turn,

would be placed with a “good” family, instead of having his life ruined by the stigma of illegitimacy. Carol tried to find the strength to oppose this dogma but her shame had become too deep. “The first time I looked deep into my son's eyes, I felt like a criminal. As I unwrapped his hospital blanket and took in the heady fragrance of a newborn, I feared the nurses or the sisters would come in and slap me for contaminating my own son.” Finding no way out, she signed the fateful papers leaving her son in the hands of strangers, but with a vow to her baby she would find him one day. For years, Carol struggled to forget and live the “normal” life promised, not understanding the consequences of the trauma she'd endured. On his eighteenth birthday, she set out to find him,

although the law denied access to records. Her search became a spiritual quest to reclaim her own lost self, as she came to understand the emotional and psychological wounds she and other mothers like her had endured. Against all odds she succeeded in finding him and discovered that in many ways they had never really been apart. With her son's encouragement and his adoptive mother's cooperation, she tells their story. Wilson Library Bulletin "This wrenching account, covering a range of adoption issues, is a moving testament to the bonding power of motherhood." Publishers Weekly "An astonishing revelation of the emotions that come into play throughout the adoptive process - a must read for all concerned." Kirkus Reviews Literary Guild Alternate Selection. "Inspiring ... a heart tugger." Patricia Holt, San Francisco Chronicle "A chronicle of a time with the starkest of emotions revealed ... Readers quickly understand the trauma that lingers on deep in the hearts of birthmothers every day of their lives." Elliot Bay Booknotes "It should be a must read for

anyone who considers adoption the 'easy' answer to an unwanted pregnancy." The Philadelphia Inquirer "As she experiences pain and love, you're on that roller coaster with her, as if the life she lived was yours." St. Petersburg Times "Poignant and powerful, The Other Mother shatters the myth that unwed mothers, unprepared for the sacrifice they make, go on to lead normal and untouched lives." Booklist "Any woman who has gone through any part of her experience, or has been close to somebody who has, will attest to the story's authenticity." The Washington Post "I recommend it with all my heart. Its courage, integrity and love make it a treasure. ... not only for adoptive families and birth families, it is for everyone who longs to know how deep

the levels are that connect us, and how precious." Gary Zukav, *The Seat of the Soul* "... addresses intimately the experience of a Birthmother as no other book has - or probably ever will. Expertly written." Jone Carlson, Editor *People Searching News* "Courageous, moving and heartening." Betty Jean Lifton, *Journey of the Adopted Self* "A wonderful book. From my professional perspective the book is right on target." Reubon Pannor, coauthor, *The Adoption Triangle* Crusade Open Road Media Describes, in text and illustrations, the evolution of different types of machines, how they work, and their many uses. *The Mass Explained to Children* Reader's Digest Children's Books When Perfection Middleton catches the eye of Darcy Buchanan, all hell breaks

loose. Joint heir to the vast estate of Caravale in North Queensland, Darcy's a catch all right, and far too good for a lowly housemaid. That's what his family thinks, anyway, and his brother Ben does all he can to prevent the marriage; a scheme that goes tragically wrong... Lew Cavour is very taken with Perfy, too, but he gets caught up in the gold rush and the race to stake a claim on the river of gold, as does Ben Buchanan, who is determined to buy out Perfy's share of Caravale. But their journey to the river is dogged by disease, madness and murder. Diamond, an aborigine girl, has a profound effect on all their lives. Too intelligent to be content as the menial slave to which her colour condemns her, too sophisticated to return to her tribe, she feels at odds with

both worlds.
