Envisager la pensée d'un écrivain que la tradition ne tient pas pour un penseur - et dont les textes n'épargnent pas la prétention philosophique -, peut paraître paradoxal, voire naïf. Mais ce serait oublier que la réflexion prend bien des chemins et que la littérature est un espace de pensée. Il faudrait, par conséquent, plutôt s'étonner du fait qu'il puisse sembler anormal d'interroger la pensée d'un écrivain. Mais le terrain est, il est vrai, miné... Mieux vaut repartir sur des bases modestes et claires, d'après quelques constats. Ainsi, concernant Marivaux, est-il frappant de relever l'importance que tiennent les réflexions dans ses textes. Rien de plus légitime dès lors que de se demander si ces pensées, apparemment décousues, n'entrent pas dans une conception ordonnée du réel et de « l'humanité ». Il ne s'agit pas pour autant

d'en revenir à une position simpliste consistant à attribuer à chaque auteur une conception du monde à partir d'un relevé de ses affirmations explicites ou implicites. Plutôt que de se fourvoyer dans un exposé artificiellement complet de la pensée de Marivaux, il paraît plus intéressant de faire quelques pas en direction de ce qui est pensé dans les textes de Marivaux.

Histoire Du Règne de Louis XIV: 3. ptie. La décadence: Guerres de la seconde coalition et de la succession d'Espagne. 1878-79 Wiley-Interscience

A travelling hedonist attempts to transcend the limitations of conventional morality by surrendering to his appetites in this well-known work by a master of modern French literature. Much acclaimed for his perception and purity of style, André Gide (1869-1951) received the Nobel Prize for Literature in 1947. In *The Immoralist*, his classic examination of individual freedom and identity, he fuses autobiographical elements with both biblical and classical symbolism. Stanley Appelbaum skillfully preserves the passion and intensity of the original in his new English translation.

In *Charleston Belles Abroad*, Candace Bailey examines the vital role music collections played in the lives of elite women of Charleston, South Carolina, in the years leading up to the Civil War. Bailey has studied a substantial archive of music held at several southern libraries, including the library in the historic

Aiken-Rhett House, once owned by William Aiken Jr., a successful businessman, rice planter, and governor of South Carolina. Her skill as a musicologist enables her to examine the collections as primary sources for gaining a better understanding of musical culture, instruction, private performance, cultural tourism, and the history of the music industry during this period. The bound and unbound collections and their associated publications show that international travel and music education in Europe were common among Charleston's elite families. While abroad, the budding musicians purchased the latest music publications and brought them back to Charleston, where they often performed them in private and at semipublic events. Through a narrow exploration of the collections of these elite women, Bailey exposes the cultural priorities within one of the South's most influential cities and illuminates both the commonalities and discrepancies in the training of young women to enter society. A noteworthy contribution to southern and urban history, *Charleston Belles Abroad* provides a deep study of music in the context of transatlantic values, interpersonal relationships, and stability and tumult in the South during the nineteenth century.

The hermeneutic path involved in the interpretation of law as well as in the interpretation of sacred texts, though peculiar, seems - as Emilio Betti pointed out - to share several things, most importantly the "normative" nature of interpretation. The 1999 issue of the Yearbook "Ars Interpretandi" accounts for the several and disparate relationships between these two important "regional hermeneutics".

The essays in this collection were originally given at the international colloquium *Cent Ans de Bataille: La Bataille de Cent*

Ans held at the Fondació Tàpies in Barcelona in September 1998. They are written from a variety of perspectives but are drawn together by the singular aim of addressing and interrogating Georges Bataille as our contemporary whose fascination with the rupture between mythical and experimental forms of discourse defines our own age as much as it did in Bataille's own time. More precisely, the essays in this collection range over Bataille's status as a novelist, a poet, an art critic, a philosopher and a prophet of post-modernity with this aim in mind. They not only seek to advance and clarify debate about Bataille's present status in the post-modern canon but also shed new light on the complex relation between Bataille and the present generation of readers who have come to him through the prism of post-modernist thought. It is of significance for each writer in this collection, most crucially, that the premonition of catastrophe which defined Bataille's fluid political positions is also located between tragedy and irony.
