Have you ever been enchanted by the spoken cadence of an Urdu couplet but wished you could fully understand its nuances? Have you wanted to engage with a ghazal more deeply but were daunted by its mystifying conventions? Are you confused between a qataa and a rubaai, or a musadda and a marsiya? In Urdu Poetry, Raza Mir offers a fresh, quirky and accessible entry point for neophytes seeking to enhance their enjoyment of this vibrant canon—from the poems of legends like Mir Taqi Mir and Mirza Ghalib to the lyrics of contemporary game changers like Javed Akhtar and Gulzar. Raza Mir's translation not only draws out the zest and pathos of these timeless verses, but also provides pithy insights and colourful trivia that will enable readers to fully embrace this world.

Phyllida Barlow Springer Nature

Iblees ki Majlis-e-Shoora is a conversation between Iblees (the devil) and the five members of his advisory council. It is one of the final works of Allama Iqbal. The work consists of 64 amazingly dramatized, well composed couplets. Here, Iblees presides over the clandestine session and leads the conversation. He boasts how successfully he has mislead Mankind throughout history by introducing ideas and doctrines such as Imperialism, Capitalism, Fascism etc., which have ultimately landed the human society in ruins. His advisers point towards a few emerging trends such as Western democracy and Marxism that they saw as potential threats to the evil regime of Iblees. Summarily dismissing all these apprehensions of his advisers, Iblees concludes, that the revolutionary spirit of Islam is the greatest threat to his evil empire and hence the most crucial task ahead was to stop the

waves of Muslim resurgence. He instructs them to keep the followers of Islam totally preoccupied with vain spiritual rituals, complex philosophical debates and narrow theological intricacies. Allama Iqbal, an advocate of universal human fraternity, envisaged the revival of the original Islamic civilization, globally. His works, exposed the limitations of the socio-political and economic concepts introduced by the West.

The Tragedy of Karbala OUP Oxford

This booklet includes two papers on the same topic. The first one was published in the monthly 'MEESAQ' Lahore in 1966. The second is a speech which was delivered before a gathering of the staff and senior students of Aitchison College, Lahore (Pakistan). These articles are based on the sole aim, that is: to explain to Muslims the correct doctrine of eternal salvation and deliverance, and the practical demands of the Islamic faith.

Machine Milking Schiffer Publishing

Muhammad b. 'Umar al-Waqidi was a Muslim scholar, born in Medina in the 1st Century. Of his several writings the most significant is the Kitab al-Maghazi, one of the earliest standard histories of the life of the Prophet. Translated into English for the first time, Rizwi Faizer makes available this key text to a new, English-speaking audience. It includes an "Introduction" authored jointly by Rizwi Faizer and Andrew Rippin and a carefully prepared index. The book deals with the events of the Prophet's life from the time of his emigration from Mecca to his death, and is generally considered to be biographical. Bringing together events in the Prophet's life with appropriate passages of Qur'an in a considered sequence, the author presents an interpretation of Islam that existed in his times. It includes citations from the Qur'an, as well as poetry that appears to have been inspired by activities during his life. This English translation of a seminal text on the life of Muhammad is an invaluable addition to the existing literature, and will be of great significance to students and

scholars in the field of Islamic studies, Islamic history, Medieval history and Arabic literature.

The leather motorcycle jacket is more than a coat; it's a mentality. Beginning in the early twentieth century, airplanes, automobiles, and motorcycles redefined freedom, idealized speed, and captured the hearts of men and women alike. The leather jackets developed to protect pilots, racers, and motorists from the elements came to symbolize a romantic sense of rugged adventure. In particular, motorcycle jackets maintained this ideal for decades to come. The first of its kind, this beautiful classic book traces the evolution of the motorcycle jacket over the past century. Hundreds of jackets and accessories from dozens of leather companies past and present are featured in over 1,000 rich color photos--with careful attention to details, original catalog pages, and full pricing information. Surrounding the jackets is a fascinating array of historical photos that capture the motorcycle culture and will make any enthusiast swoon.

The Big Book of Juicing Hachette UK

One of the world's foremost collectors of all things hip-hop, DJ Ross One presents--for the first time ever--a much sought after collection of T-shirts in this lushly produced and detailed catalog showcasing over 500 of the genre's best. Rap Tees outshines all other rap tee collections and will be the definitive reference for generations to come. Providing not only a valuable reference and style guide to these ultra-rare shirts, Rap Tees is also a unique chronology of the history of hip-hop. Beginning with the earliest rap concert shirts from the Sugar Hill Gang and New York Fresh Fest, circa 1980-84, and spanning the next two decades, Rap Tees includes rare shirts from a wide selection of the who's-who of the business including: Public Enemy, Boogie Down

Productions, Beastie Boys, Eric B and Rakim, Wu Tang Clan, Jay Z, Nas, EMPD, and many, many more. Rap Tees bookends the golden age of rap with unique street-corner memorial shirts commemorating the deaths of The Notorious B.I.G. and Tupac Shakur. Unlike typical rock n' roll shirts, hip-hop tees were often made in extremely limited quantities. The elusive concert, promotional, and bootleg tees included in this book are nearly impossible to find on the open market. Only DJ Ross One could track down these gems for you in this one-of-a-kind book, making Rap Tees the consummate guide for these unique pieces of music history.

Futuh al-ghaib Simon and Schuster

The basis for the hit TV show Mr Selfridge In 1909, the largest department store in London's West End, designed and built from scratch, opened in Oxford Street in a glorious burst of publicity. The mastermind behind the faade was American retail genius Harry Gordon Selfridge: maverick businessman, risk-taker, dandy and one of the greatest showmen the retail world has ever known. His talents were to create the seduction of shopping, and as his success and fame grew, so did his glittering lifestyle: mansions, yachts, gambling, racehorses - and mistresses. From the glamour of Edwardian England, through the turmoil of the Great War and the heady excesses of the 1920s and beyond, Selfridges Department Store was 'a theatre with the curtain going up at 9 o'clock each morning'. Mr Selfridge reveals the captivating story of the rise and fall of the man who revolutionised the way we shop. 'Lively and entertaining' Sunday Telegraph 'Will change your view of shopping forever' Vogue 'Harry Selfridge revolutionised the way we shop ... fascinating' Daily Mail *Global Finance, Local Control* Routledge

"WE WERE INSTITUTIONAL KILLERS in disruptive actions on the black, that is to say we made illegal entries across borders to perform dirty work, then returned home mostly without the

knowledge or connection to the local British embassy's staff assigned to other covert affairs. The main job description was called deep cover within SIS, though the U.S.-led NATO preferred NOC or non-official cover - either description was undeclared. I served in various divisions in charge of different continents, often living like a mole..."

The Taste of Words Asian Development Bank

The author uses his inquisitive mind to set out and prove the existence of Yamashita's infamous untouched treasure deposits buried all around the Philippine Islands. Working alongside Filipino treasure hunters the author has visited untouched treasure sites in Luzon, Cebu, Davao, General Santos and Glan in Mindanao. It has taken Aquila Chrysaestos over six years to successfully document many original Japanese treasure code books, and treasure maps, for you the reader. Aquila has answered many of the questions that he had while puzzling out the precise way in which the Japanese Imperial family members went about burying the wealth of fourteen South East Asian countries, on land and at sea throughout the islands during 1942 to 1945 when the Japanese Imperial Army occupied the Philippine islands. Using his practical skills and a logical approach to solving many of his unanswered questions, the author has compiled a very comprehensive step by step "how to" book that will aid you the treasure hunter wanting answers to your own Philippine treasure quest. This book is packed with: 19 sections including the quick reference guide A to Z of treasure signs and symbols 100 colour drawings, by the author himself many drawn from unknown treasure sites 150 colour photographs of carved treasure symbols, maps and recovered gold 30 black and white WWII photographs 40 black and white diagrams This brilliant gem of a book takes you through every process of planning our own treasure hunt. The equipment you will need, the treasure permits, where to look and how to recover your own piece of war treasure safely, and so much more! Buy this book now and go and live your dream of becoming a successful treasure hunter today! Absolutely fantastic! A real mine of information for the seeker of Japanese war gold buried in the Philippines. In over 400 fact-filled pages, Aquila has cracked the Japanese treasure code and, with up to the minute locating and recovery techniques, paved the way for bringing this vast wealth to the surface. An incredible story and a great read for the armchair treasure hunter too! David

 How will governments and courts protect civil liberties in this new era of hacktivism? Ethical Hacking discusses the attendant moral and legal issues. The first part of the 21st century will likely go down in history as the era when ethical hackers opened governments and the line of transparency moved by force. One need only read the motto “we open governments” on the Twitter page for Wikileaks to gain a sense of the sea change that has occurred. Ethical hacking is the non-violent use of a technology in pursuit of a cause—political or otherwise—which is often legally and morally ambiguous. Hacktivists believe in two general but spirited principles: respect for human rights and fundamental freedoms, including freedom of expression and personal privacy; and the responsibility of government to be open, transparent and fully accountable to the public. How courts and governments will deal with hacking attempts which operate in a grey zone of the law and where different ethical views collide remains to be seen. What is undisputed is that Ethical Hacking presents a fundamental discussion of key societal questions. A fundamental discussion of key societal questions. This book is published in English. - La première moitié du XXIe siècle sera sans doute reconnue comme l'époque où le piratage éthique a ouvert de force les gouvernements, déplaçant les limites de la transparence. La page twitter de Wikileaks enchâsse cet ethos à même sa devise, « we open governments », et sa volonté d'être omniprésent. En parallèle, les grandes sociétés de technologie comme Apple se font compétition pour produire des produits de plus en plus sécuritaires et à protéger les données de leurs clients, alors même que les gouvernements tentent de limiter et de décrypter ces nouvelles technologies d'encryption. Entre-temps, le marché des vulnérabilités en matière de sécurité augmente à mesure que les experts en sécurité informatique vendent des vulnérabilités de logiciels des grandes technologies, dont Apple et Google, contre des sommes allant de 10 000 à 1,5 million de dollars. L'activisme en sécurité est à la hausse. Le piratage éthique est l'utilisation non-violence d'une technologie quelconque en soutien d'une cause politique ou autre qui est souvent ambiguë d'un point de vue juridique et moral. Le hacking éthique peut désigner les actes de vérification de pénétration professionnelle ou d'experts en sécurité informatique, de même

que d'autres formes d'actions émergentes, comme l'hacktivism et la désobéissance civile en ligne. L'hacktivism est une forme de piratage éthique, mais également une forme de militantisme des droits civils à l'ère numérique. En principe, les adeptes du hacktivism croient en deux grands principes : le respect des droits de la personne et les libertés fondamentales, y compris la liberté d'expression et à la vie privée, et la responsabilité des gouvernements d'être ouverts, transparents et pleinement redevables au public. En pratique, toutefois, les antécédents comme les agendas des hacktivistes sont fort diversifiés. Il n'est pas clair de quelle façon les tribunaux et les gouvernements traiteront des tentatives de piratage eu égard aux zones grises juridiques, aux approches éthiques conflictuelles, et compte tenu du fait qu'il n'existe actuellement, dans le monde, presque aucune exception aux provisions, en matière de cybercrime et de crime informatique, liées à la recherche sur la sécurité ou l'intérêt public. Il sera également difficile de déterminer le lien entre hacktivism et droits civils. Ce livre est publié en anglais.

Piya Rang Kala Springer Nature

Collection of Poetry and Short Stories with aphorisms and humor. Illustrations and photography by the author. Nonfiction stories include memoirs and dream writing. Fictional stories are how the author expresses his emotions by inventing stories in his mind. The writing reflects the American Southwestern life of the author. Inspirational for all ages. Mark writes for the people and not for an intellectual elite. This book has had very positive feedback in the Northern California community in which the author now lives.

General Yamashita's Dream Book Cornell University Press
 Promoting regional cooperation in the health sector is an operational priority of the Central Asia Regional Economic Cooperation (CAREC) Strategy 2030. This scoping study assesses the potential of CAREC to promote regional cooperation and integration in the health sector to mitigate risks and develop national health systems. The study specifically reviews the burden of communicable and noncommunicable diseases and their risk factors, along with the progress and challenges in health systems development in the CAREC region. Based on the assessment, the study recommends strengthening regional health security; developing health systems through regional cooperation; and improving health services for migrants, mobile populations, and border communities.

The Way to Salvation in the Light of Surah Al Asr Charisma Media
 How Iran—and the world around it—have changed in the four decades since a revolutionary theocracy took power Iran's 1979 revolution is one of the most important events of the late twentieth century. The overthrow of the Western-leaning Shah and the emergence of a unique religious government reshaped Iran, dramatically shifted the balance of power in the Middle East and generated serious challenges to the global geopolitical order—challenges that continue to this day. The seizure of the U.S. Embassy in Tehran later that same year and the ensuing hostage crisis resulted in an acrimonious breach between America and Iran that remains unresolved to this day. The revolution also precipitated a calamitous war between Iran and Iraq and an expansion of the U.S. military's role in maintaining security in and around the Persian Gulf. Forty years after the revolution, more than two dozen experts look back on the rise of the Islamic Republic and explore what the startling events of 1979 continue to mean for the volatile Middle East as well as the rest of the world. The authors explore the events of the revolution itself; whether its promises have been kept or broken; the impact of clerical rule on ordinary Iranians, especially women; the continuing antagonism with the United States; and the repercussions not only for Iran's immediate neighborhood but also for the broader Middle East. Complete with a helpful timeline and suggestions for further reading, this book helps put the Iranian revolution in historical and geopolitical perspective, both for experts who have long studied the Middle East and for curious readers interested in fallout from the intense turmoil of four decades ago.

Exploring Russia's reentry into global capital markets at the dawn of the twenty-first century, *Global Finance, Local Control* shows how economic integration became deeply entangled with a bare-knuckled struggle for control over the vestiges of the Soviet empire. Igor Logvinenko reveals how the post-communist Russian economy became a full-fledged participant in the international financial sector without significantly improving the local rule of

law. By the end of Vladimir Putin's second presidential term, Russia was more integrated into the global financial system than at any point in the past. However, the country's longstanding deficiencies—including widespread corruption, administration of justice, and an increasingly overbearing state—continued unabated. Scrutinizing stock-market restrictions on foreign ownership during the first fifteen years of Russia's economic transition, Logvinenko concludes that financial internationalization allowed local elites to raise capital from foreign investors while maintaining control over local assets. They legitimized their wealth using Western institutions, but they did so on their terms. *Global Finance, Local Control* delivers a somber lesson about the integration of emerging markets: without strong domestic rule-of-

law protections, financial internationalization entrenches oligarchic capitalism and strengthens authoritarian regimes.
