Early readers are introduced to the summer season. Simple sentences and bright pictures feature summertime activities.

Gator, Gator, Gator! Fredonia Books (NL)

This book presents the papers from the Internal Combustion Engines:

Performance, fuel economy and emissions held in London, UK. This popular international conference from the Institution of Mechanical Engineers provides a forum for IC engine experts looking closely at developments for personal transport applications, though many of the drivers of change apply to light and heavy duty, on and off highway, transport and other sectors.

These are exciting times to be working in the IC engine field. With the move towards downsizing, advances in FIE and alternative fuels, new engine architectures and the introduction of Euro 6 in 2014, there are plenty of challenges. The aim remains to reduce both CO2 emissions and the dependence on oil-derivate fossil fuels whilst meeting

the future, more stringent constraints on gaseous and particulate material emissions as set by EU, North American and Japanese regulations. How will technology developments enhance performance and shape the next generation of designs? The book introduces compression and internal combustion engines' applications, followed by chapters on the challenges faced by alternative fuels and fuel delivery. The remaining chapters explore current improvements in combustion, pollution prevention strategies and data comparisons. presents the latest requirements and challenges for personal transport applications gives an insight into the technical advances and research going on in the IC Engines field provides the latest developments in compression and spark ignition engines for light and heavy-duty applications, automotive and other markets

The Ghost of the Executed Engineer
DragonRising Publishing

For the Vampire community, the Solstice Choosing has been the holiest night of the year - for a hundred thousand years. But this year, something new is about to happen. The oldest prophecies are about to be fulfilled - and the Festival of Blessings is finally upon us.

The Disappearance of Knowledge

Woodhead Publishing

Whilst accounting for the present-day popularity and relevance of Alan Watts' contributions to psychology, religion, arts, and humanities, this interdisciplinary collection grapples with the ongoing criticisms which surround Watts' life and work. Offering rich examination of as yet underexplored aspects of Watts' influence in 1960s counterculture, this volume offers unique application of Watts' thinking to contemporary issues and critically engages with controversies surrounding the commodification of Watts' ideas, his alleged misreading of Biblical texts, and his apparent distortion of Asian religions and spirituality. Featuring a broad range of international contributors and bringing Watts' ideas squarely into the contemporary context, the text provides a comprehensive, yet nuanced exploration of Watts' thinking on psychotherapy, Buddhism, language, music, and sexuality. This text will benefit researchers, doctoral students, and academics in the fields of psychotherapy, phenomenology, and the philosophy of psychology more broadly. Those interested in Jungian psychotherapy, spirituality, and the self and social identity will also enjoy this volume.

Hand Of Isis Oxford University Press, USA
 Modern readers of the Bible are time travelers visiting a society and culture very different from their own. Strange customs, unfamiliar words and novel concepts encountered in the Bible's pages can make understanding the Word of God a real challenge. The Access Bible is friendly to people who've never studied the Bible before. Yes, it presents the most current scholarship, and it's based on the New Revised Standard Version translation (the new standard of

scholarly excellence in Bible versions). But The Access Bible takes an important further step. It's been carefully written and edited so that those new to the world of Bible study can just pick it up - and start reading. A unique feature of The Access Bible is the running commentary which is interspersed with the Bible text. Difficult concepts are clearly explained in terms which everyday readers can easily understand. There's no need to have a dictionary by your side when you're using The Access Bible. When a technical explanation is required, all of the terms are defined right on the page, as well as in a glossary at the back. History, social contexts, religious practices, the beliefs of ancient peoples -- all are explained when the Bible text requires it. In addition, this new Bible was designed to contain all the background information needed by believers from a wide spectrum of churches. The Access Bible sets a new standard for ease of understanding. It's truly a companion for life's spiritual journey. The Access Bible is available both with and without the Apocrypha.

Nana Hachette UK

Focusing on what Methodism is about and what it contributes to British Christianity, this title questions whether it should remain institutionally distinct.

Eleanor Smith's Hull House Songs: The Music of Protest and Hope in Jane Addams's Chicago reprints Eleanor Smith's 1916 folio of politically engaged songs, together with interdisciplinary critical commentary from sociology, history, and musicology.

The Access Bible Routledge

Stalin ordered his execution, but here Peter Palchinsky has the last word. As if rising from an uneasy grave, Palchinsky's ghost leads us through the miasma of Soviet technology and industry, pointing out the mistakes he condemned in his time, the corruption and collapse he predicted, the ultimate price paid for silencing those who were not afraid to speak out. The story of this visionary engineer's life and work, as Loren Graham relates it, is also the story of the Soviet Union's industrial promise and failure. We meet Palchinsky in pre-Revolutionary Russia, immersed in protests against the miserable lot of laborers in the tsarist state, protests destined to echo ironically during the Soviet worker's paradise. Exiled from the country, pardoned and welcomed back at the outbreak of World War I, the engineer joined the ranks of the Revolutionary government, only to find it no more open to criticism than the previous regime. His turbulent career offers us a window on debates over industrialization. Graham highlights the harsh irrationalities built into the Soviet system—the world's most inefficient steel mill in Magnitogorsk, the gigantic and ill-conceived hydroelectric plant on the Dnieper River, the infamously cruel and mislocated construction of the White Sea Canal. Time and again, we see the

effects of policies that ignore not only the workers' and consumers' needs but also sound management and engineering precepts. And we see Palchinsky's criticism and advice, persistently given, consistently ignored, continue to haunt the Soviet Union right up to its dissolution in 1991. The story of a man whose gifts and character set him in the path of history, *The Ghost of the Executed Engineer* is also a cautionary tale about the fate of an engineering that disregards social and human issues.

Set between Normandy and Arizona, *In the Gold of Time* is a seductive tale of silences and dark, half-revealed secrets, and a haunting elegy for innocence lost in a lost world. A young father holidays by the sea near Dieppe with his reproachfully perfect wife and their twin daughters. Returning from the local shop, he meets an eccentric old lady, Alice Berthier, who lives with her mute sister, Clemence. Their mysterious house is full of old photographs and strange objects--sacred ceremonial masks once belonging to the Hopi, a tribe of Native Americans from Arizona. Haunted by memories of a tragic past, Alice takes comfort in her new companion, and he, in turn, is drawn into her mysterious world. As his family recedes into the background, her stirring tales of the Hopi and the Arizona desert become the only salve to his despondent soul

With beautiful cover illustration by Alex T. Smith, creator of the *Claude* series, *Dial a Ghost* is a wonderfully spooky young fiction title from the award-winning author of *Journey to the River Sea*, Eva Ibbotson. 'Get me some ghosts,' said Fulton Snodde-Brittle. 'Frightful and dangerous ghosts!' Fulton has gone to the Dial a Ghost agency with an evil plan. He wants to hire some truly terrifying ghosts to scare his nephew Oliver to death. The Shriekers are the most violent and sickening spectres the agency has, but a mix-up means the

kind Wilkinson ghosts are sent in their place. Now Oliver has some spooky allies to help him outwit the wicked Snodde-Brittles . . .

The Convict Colonel Burns & Oates

From the author of *One Day in the Eucalyptus, Eucalyptus Tree*: Do you wanna? Wanna see? Let's go find that gator, gator, gator! COME WITH ME! Put on your life jacket, hop in the boat, and raise your binoculars—it's time to go on an adventure! In Daniel Bernstrom's follow-up to the critically acclaimed *One Day in the Eucalyptus, Eucalyptus Tree*, a fearless little girl takes off in search of

a giant gator—but she's not going into that swamp alone! No way! She wants YOU, the reader, to come along. Off you go, peering through the lush landscapes, looking for that gator! But each time you think you see it? Oops! Just a fox. Or some ducks! Or a snake. Maybe you'll never find the gator, gator, gator . . . With stunning illustrations from Sendak Fellow Frann Preston-Gannon, readers experience the feeling of being on a real adventure deep in the swamp. Rhyming, repeating, and exhilarating, the text is a delightful read-aloud romp that will entertain and make everyone's heart skip a beat!
