*The Art of Jazz* explores how the expressionism and spontaneity of jazz spilled onto its album art, posters, and promotional photography, and even inspired standalone works of fine art. Everyone knows jazz is on the cutting edge of music, but how much do you know about its

influence in the visual arts? With album covers that took inspiration from the avant-garde, jazz's primarily African American musicians and their producers sought to challenge and inspire listeners both musically and visually. Arranged chronologically, each chapter covers a key period in jazz history, from the earliest days of the twentieth century to

today's postmodern jazz. Chapters begin with substantive introductions and present the evolution of jazz imagery in all its forms, mirroring the shifting nature of the music itself. With two authoritative features per chapter and over 300 images, *The Art of Jazz* is a significant contribution to the literature of this intrepid art form. *Cassette Cultures* Vintage In existence for over 50

years, the Polaroid Corporation's photography collection is the greatest collection of Polaroid images in the world. "This most  
extraordinary  
edition

celebrates Michelangelo's graphic work with a selection of his most masterful and mesmerizing of drawings" Graphic beauty Breathtaking drawings Few artists can claim such tenacious fame across continents and centuries as Michelangelo Buonarroti (1475◆'1564) . His achievements as a sculptor, painter, draftsman, and architect remain unrivalled and unique. This

fresh edition celebrates the artist's graphic work, with a selection of his most masterful and mesmerizing drawings. Gathered from some of the world's most prestigious collections, these works show the full ambition and reach of Michelangelo's practice, spanning architectural elements, facial expressions, and countless, meticulous anatomical drawings. Whether finely tuned or left

unfinished, each and every drawing testifies to the artist's dedicated scrutiny of the world around him and his compelling mastery of line, form, and detail. There is an intimacy in these works, too. As differ *Contact High Taschen America Llc* From the bestselling author of the acclaimed *Chaos and Genius* comes a thoughtful and provocative exploration of the big ideas of the modern

era: Information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live. A New York Times Notable Book A Los Angeles Times and Cleveland Plain Dealer Best Book of the Year Winner of the PEN/E. O. Wilson Literary Science Writing Award Swiss Public Administration Chronicle Books Gay Talese is the father of American New Journalism, who

transformed traditional reportage with his vivid scene-setting, sharp observation and rich storytelling. His 1966 piece for Esquire, one of the most celebrated magazine articles ever published, describes a morose Frank Sinatra silently nursing a

glass of bourbon, struck down with a cold and unable to sing, like 'Picasso without paint, Ferrari without fuel - only worse'. The other writings in this selection include a description of a meeting between two legends, Fidel Castro and Muhammad

Ali; a brilliantly witty dissection of the offices of Vogue magazine; an account of travelling to Ireland with hellraiser Peter O'Toole; and a profile of fading baseball star Joe DiMaggio, which turns into a moving, immaculately-crafted meditation on celebrity.
