To be sure, some brothers and sisters have relationships that are easy. But oh, some relationships can be fraught. Confusing, too: How can two people share the same parents and turn out to be entirely different? Marie Brenner's brother, Carl—yin to her yang, red state to her blue state—lived in Texas and in the apple country of Washington state, cultivating his orchards, polishing his guns, and (no doubt causing their grandfather Isidor to turn in his grave) attending church, while Marie, a world-class journalist and bestselling author, led a sophisticated life among the "New York libs" her brother loathed. From their earliest days there was a gulf between them, well documented in testy letters and telling photos: "I am a textbook younger child . . . training as bête noir to my brother," Brenner writes. "He's barely six years old and has already developed the Carl Look. It's the expression that the rabbit gets in Watership Down when it goes tharn, freezes in the light." After many years apart, a medical crisis pushed them back into each other's lives. Marie temporarily abandoned her job at Vanity Fair magazine, her friends, and her husband to try to help her brother. Except that Carl fought her every step of the way. "I told you to stay away from the apple country," he barked when she showed up. And, "Don't tell anyone out here you're from New York City. They'll get the wrong idea." As usual, Marie—a reporter who has exposed big Tobacco scandals and Enron—irritated her brother and ignored his orders. She trained her formidable investigative skills on finding treatments to help her brother medically. And she dug into the past of the brilliant and contentious Brenner family, seeking in that complicated story a cure, too, for what ailed her relationship with Carl. If only they could find common ground, she reasoned, all would be well. Brothers and sisters, Apples and Oranges. Marie Brenner has written an extraordinary memoir—one that is heartbreakingly honest, funny and true. It's a book that even her brother could love.

Bob Baldock spent five months in the Sierra Maestra of Cuba in1958 with Fidel Castro's combat unit, Movimiento 26 de Julio. While there, he was the only U.S. citizen from the mainland to see action in combat with Fidel's unit. Essentially autobiographical, Wild Green Oranges is a novel based on those experiences.

City of Oranges: An Intimate History of Arabs and Jews in Jaffa Landmark Media

Under the Israeli occupation of the '70s and '80s, writers in Gaza had to go to considerable lengths to ever have a chance of seeing their work in print. Manuscripts were written out longhand, invariably under pseudonyms, and smuggled out of the Strip to Jerusalem, Cairo or Beirut, where they then had to be typed up. Consequently, fiction grew shorter, novels became novellas, and short stories flourished as the city's form of choice. Indeed, to Palestinians elsewhere, Gaza became known as 'the exporter of oranges and short stories'. This anthology brings together some of the pioneers of the Gazan short story from that era, as well as younger exponents of the form, with ten stories that offer glimpses of life in the Strip that go beyond the global media headlines; stories of anxiety, oppression, and violence, but also of resilience and hope, of what it means to be

a Palestinian, and how that identity is continually being reformed; stories of ordinary characters struggling to live with dignity in what many have called 'the largest prison in the world'. *Blood and Oranges* Houghton Mifflin Harcourt The bonds of family are stronger than the Berlin Wall... Berlin, 1961. Sabine can't imagine a life separated from her beloved brother. So when the barbed wire goes up overnight to divide East and West Berlin, she and her mother begin to plan their escape. But Sabine is living under the shadow of the secret police known as the Stasi. She'll have to tread carefully as the network of civilian spies closes in around her... Dieter would risk everything to free his family from the oppressive East German regime. He joins a rebel group with plans to hatch a daring rescue. As the situation grows dire across the wall, Dieter must be painfully patient. A single misstep could get him and his family killed... The Stasi have eyes everywhere. Can Sabine and Dieter reunite against incredible odds when anyone could be a spy? Oranges for Christmas is a heart-wrenching historical fiction novel set in Cold War Germany. If you like authentic historical details, tenacious characters, and stories of hope in the face of tyranny, then you'll love Margarita Morris' emotional page-turner.

"Blood and Oranges: The Story of Los Angeles tells the story of how Los Angeles got that way--you know, THAT way, with Hollywood, mega-churches, impossible traffic, oil wells on the beaches, murders in the foothills, and riots in the suburbs. You have to go back a ways to understand, back to when the water came. Twin brothers Willie and Eddie Mull, a preacher and a high roller, arrive with the water and set out to make their marks. They rise with the city and reach the top. The brothers have much to answer for, especially to their children. Maggie and Lizzie, Eddie's daughters, don't like Eddie's mob ties, oil wells, or his gambling ship in Santa Monica Bay. Cal Mull, Willie's son, watches his father rise to become the nation's top evangelistic preacher, but like his idol, St. Augustine, Willie is weak in the flesh. Maggie, an aviator, wants women to fly in the war, but must get past Howard Hughes and find help in Washington. Lizzie works for the LA Times, wants women to be able to write for more than just the society pages in the paper, and does her best to get crime out of the D.A.'s department. The second generation of the family reacts to the first, but then must face the revolt of its own children"--

The New York Times–bestselling author’s Whitbread Prize–winning debut—“Winterson has mastered both comedy and tragedy in this rich little novel” (The Washington Post Book World). When it first appeared, Jeanette Winterson’s extraordinary debut novel received unanimous international praise, including the prestigious Whitbread Prize for best first fiction. Winterson went on to fulfill that promise, producing some of the most dazzling fiction and nonfiction of the past decade, including her celebrated memoir *Why Be Happy When You Can Be Normal?*. Now required reading in contemporary literature, *Oranges Are Not the Only Fruit* is a funny, poignant exploration of a young girl’s adolescence. Jeanette is a bright and rebellious orphan who is adopted into an evangelical household in the dour, industrial North of England and finds herself embroidering grim religious mottoes and shaking her little tambourine for Jesus. But as this budding missionary comes of age, and comes to terms with her unorthodox sexuality, the peculiar balance of her God-fearing household dissolves. Jeanette’s insistence on listening to truths of her own heart and

mind—and on reporting them with wit and passion—makes for an unforgettable chronicle of an eccentric, moving passage into adulthood. “If Flannery O’Connor and Rita Mae Brown had collaborated on the coming-out story of a young British girl in the 1960s, maybe they would have approached the quirky and subtle hilarity of Jeanette Winterson’s autobiographical first novel. . . . Winterson’s voice, with its idiosyncratic wit and sensitivity, is one you’ve never heard before.” —Ms. Magazine

Marketing Margins for Oranges in 9 Major Cities, Sept. 1952-Feb. 1953 Pan Macmillan Excerpt from History of the Oranges to 1921, Reviewing the Rise, Development and Progress of an Influential Community, Vol. 3 Orange in 1920 has a population of 33,268, all comfortably housed and enjoying blessings not dreamed of by the forebears of the pioneer period. So rapid have the various inventions and improvements come to us, lessening the tedium of the daily routine of home and business, that they have been appropriated as a matter of course. Sanitation has made wonderful changes in the general health of the city. Freedom from diseases formerly appearing with seasonal regularity, such as chills and fever (malaria), typhus fever, small pox, etc., is one of the greatest blessings of the era. Evenly heated homes and office buildings in the winter months, now the rule, was a few generations ago a very rare exception. Truly we have come into the enjoyment of multitudinous blessings. We have been accustomed to the rapidly moving trolley car, the speeding automobile, the railroad train gliding along under its superb equipment, the handy telephone and various other devices evolved for our convenience. It is a goodly heritage and we are not insensible of the toil of the years which has brought it to us. The Commission form of government, adopted by the electorate in 1914, is in operation in 1920. William A. Lord, mayor, is Director of Public Affairs, and the other Commissioners are: Frank J. Murray, Director of Revenue and Finance; Isaac Shoenthal, Director of Public Safety; George Roach, Director of Streets and Public Improvements, and William F. Kearney, Director of Parks and Public Property. All the departments are in the City Hall, on Day street, with the exception of the Fire Department, which is occupying a central station at the corner of Lincoln and Central avenues. The assessed valuations of Orange in 1920 amount to \$27,436,532 and the tax levy was \$1,096,819.50, less \$103,069.54 expected from revenue. The item for local purposes was \$832,010.63, and for county and other demands, \$264,808.87. Orange has the largest amount of property exempted from taxation in the Oranges, and is also smallest in area. This unfair condition is partly caused by the erection of all the hospitals and several other public enterprises in the city, and also there are four cemeteries wholly or partly within its jurisdiction. Distribution of the burden among the other municipalities seems the logical way of assisting the city, which now needs increased funds for the departmental activities. Main street, a source of worriment to the city officials for a score of years, because of its constant need of repair, has been relaid with wood block pavement and is giving very good service. "Douglas Sackman peels an orange and finds inside nothing less than an American agricultural-industrial culture in all its inventive, exploitative, transformative, and destructive power. A beautifully researched and intellectually expansive book."—Elliott West, author of *The Contested Plains: Indians, Goldseekers, & the Rush to Colorado* **Consumer Acceptance of Florida Oranges with and Without Color Added** Arcadia Publishing Presented at the PEN World Voices Festival as a “post-national” writer, Eliot Weinberger is “a sparkling essayist” (Confrontation), and his writings “a boundary-crossing, shape-shifting cabinet

of curiosities” (The Bloomsbury Review). Many of the twenty-eight essays in *Oranges & Peanuts for Sale* have appeared in translation in seventeen countries; some have never been published in English before. They include introductions for books of avant-garde poets; collaborations with visual artists, and articles for publications such as The New York Review of Books, The London Review of Books, and October. One section focuses on writers and literary works: strange tales from classical and modern China; the Psalms in translation: a skeptical look at E. B. White’s New York. Another section is a continuation of Weinberger’s celebrated political articles collected in *What Happened Here: Bush Chronicles* (a finalist for the National Books Critics Circle Award), including a sequel to “What I Heard About Iraq,” which the Guardian called the only antiwar “classic” of the Iraq War. A new installment of his magnificent linked “serial essay,” *An Elemental Thing*, takes us on a journey down the Yangtze River during the Sung Dynasty. The reader will also find the unlikely convergences between Samuel Beckett and Octavio Paz, photography and anthropology, and, of course, oranges and peanuts, as well as an encomium for Obama, a manifesto on translation, a brief appearance by Shiva, and reflections on the color blue, death, exoticism, Susan Sontag, and the arts and war.

Patrizia Chen's childhood was suffused with the scent of simmering pots of cacciucco -- a local, hearty seafood stew -- and of the pittosporum blooming along the Tuscan coast. Her family's house and sumptuous garden in the Italian seaside town of Livorno are at the center of this captivating book that weaves together simple, delicious recipes with a love of home, family, nature, custom, and, above all, food. The family cook, Emilia, a feisty, temperamental woman from a nearby fishing village, dutifully produces bland white dishes for every family meal, as dictated by Patrizia's grandfather. But behind the kitchen door it's a different story. One day seven-year-old Patrizia is led by a wonderful smell into the kitchen, where Emilia is preparing a spicy red sauce bursting with garlic and onion. With one bite, Patrizia becomes hooked. In the spacious, sun-drenched kitchen and adjoining herb garden, Emilia takes Patrizia under her wing, disclosing the secrets of her favorite Tuscan dishes. Through vivid descriptions and charming anecdotes, Chen brings to life the white Carrara marble terraces, the coal-burning stoves, antique roses, and sacks of chestnut flour

that fill the family house, kitchen, and garden. This delightful and evocative narrative will welcome you into the heart of Patrizia's Tuscan home and allow you to bring the robust flavors of Emilia's cooking into your own kitchen.

Orange, California, a city that started small, but grew big on the promise, sweat and toil of agriculture. Born from the breakup of the old Rancho Santiago de Santa Ana, its early days were filled with horse races, gambling, and fiestas. Citrus was the backbone of the economy for more than half a century, though post-war development eventually replaced the orange groves. Historian, and Orange native, Phil Brigandi traces the roots of the city back to its small town origins: the steam whistle of the Peanut Roaster, the citrus packers tissue-wrapping oranges for transport, Miss Orange leading the May Festival parade, and the students of Orange Union High painting the O and celebrating Dutch-Irish Days. In doing so, he captures what makes Orange distinct.
