Jersey Shore Duke University Press
 Excerpt from *The New Jersey Coast and Pines: An Illustrated Guide-Book (With Road-Maps)* This aims to be an accurate descriptive guide-book to the Jersey Coast - from Sandy Hook to Atlantic City - and to the Jersey Pine Plains. New York City is taken as the starting-point, and the Sandy Hook and Jersey Southern routes as those respectively to the Coast and Pines; although one chapter, for the sake of completeness, describes the all-rail route via the N. Y. and Long Branch R. P., whose rates of fare are

also included in the table of railroad fares in the Introduction. The illustrations, many of them from photographs by the author, and the maps, the first four of which are road-maps and almost in themselves a guide-book, were made especially for this work. Two fonts of type were adopted, in order to bring into sharp contrast the description of the Coast as it is and the historical portions which refer to the Coast as it was. Many historical incidents, some of them the result of original research, have been introduced; and doubtless not a few people who considered themselves familiar with the Coast and Pines will be surprised to discover how much romantic

interest is attached to many of the places herein described. The author will esteem it a favor if any one discovering errors of commission or omission will call his attention to them. Here's the Situation

Insiders' Guide

Vinny Guadagnino, star of Jersey Shore, discusses

his lifelong struggle to control the effects of social anxiety and stress, and teaches readers the tools and techniques he's used to stay calm and maintain his sanity in all types of crazy situations--both on and off the show. For more than a decade Vinny has been keeping a secret from his family, his friends, his castmates, and his fans: the fact that he's not as carefree and stress-free as he appears. Vinny suffers from panic attacks that strike without warning. They plagued him throughout his teens, forced him to move home from college, and tormented him during the first season of Jersey Shore. After fleeing the set during the filming of the fifth season of the show, Vinny realized he could no longer keep his problems to himself. It was time to speak out. In this book, Vinny discusses how he's confronted his demons head on, and he gives readers the tools to do so themselves. For the millions of his fans who are also feeling overwhelmed with the world around them and by their own thoughts, Vinny offers a practical plan for taking control of your life, your body, and your mind. *Control the Crazy* Simon and Schuster

 Guide to the Jersey Shore was written by Suzi Hoffman and designed by Clara Sue Beym. All paintings in the guide are created by the members of Pine Shore Art Association. In this beautiful new book, Pine Shores' painters illustrate today's life in the heart of the Jersey Shore. From the barrier islands of Long Beach Island and Island Beach State Park to the mainland towns along Barnegat Bay and Toms River, the guide shows the many things residents and visitors can enjoy in Southern Ocean County and how to find them. This is a prime spot for migrating birds traveling the famed Atlantic Flyway. Barnegat Light inlet is the northern start of the protected Inland Waterway stretching down the coast for pleasure boating. The best surfing on the East Coast is right here. Our Striped Bass Derby attracts anglers from across the nation, and our soft white sand beaches consistently receive Blue Wave Best recognition. The guide provides information about access to beaches, marinas, fishing piers, sports of all kinds, and hiking, biking, horseback riding and

hunting information. Annual surfing, sailing, fishing, race and golf competitions are noted, plus art shows, galleries, and classes from fine art to boat building. For kids, there's where to find playgrounds, waterslides, mini golf, arcades, amusement park rides, swimming lessons and how to sign up for lifeguard or charter boat mate training. Salt air, sunshine, and laughing companionship make you hungry. Two dozen favorite restaurants and markets have their chefs share a recipe or cooking tip with you, and area farmers' markets, you-pick farms, wineries and annual food events are listed. The explore section leads you into wildlife refuges, county and state parks, birding sites and museums. This is a major historic area. The last battle of the Revolutionary War was fought right here, and this is where the Hindenburg blew up (its hanger at the Lakehurst Air Station is haunted; check out the Jersey Weird page.) This 2021 guide gives information on what to find in and around these towns: Beach Haven, Brant Beach, Long Beach Township, Ship Bottom, Surf City, Harvey Cedars,

Loveladies, Barnegat Light, Manahawkin, West Creek, Tuckerton, Little Egg Harbor, Barnegat, Waretown, Forked River, Bayville, Ocean Gate, Toms River, Island Heights, Lavalette, Seaside Heights, and Seaside Park. Grab a copy and come play with us.

Jen Miller has fallen in and
out of love, but no man
has been there for her the
way running has. In
Running: A Love Story, Jen
tells the story of her
lifelong relationship with
running with wit,
thoughtfulness, and brutal
honesty. Jen first laces up
her sneakers in high

as a painful part of
conditioning for other
sports. But when she
discovers early in her
career as a journalist that
it helps her clear her
mind, focus her efforts,
and achieve new goals,
she becomes hooked for
good. Jen, a middle-of-the-
pack but tenacious
runner, hones her skill
while navigating
relationships with men
that, like a tricky
marathon route, have
their ups and downs,
relying on running to keep
her steady in the hard
times. As Jen pushes

herself toward ever-
greater challenges, she
finds that running helps
her walk away from the
wrong men and learn to
love herself while
revealing focus, discipline,
and confidence she didn't
realize she had. Relatable,
inspiring, and brutally
honest, Running: A Love
Story, explores the many
ways that distance
running carves a path to
inner peace and
empowerment by charting
one woman's evolution in
the sport.

A beautifully illustrated field guide to the Mid-Atlantic region, from the Jersey Shore to Cape Hatteras The Outer Banks of North Carolina and the beaches of the Mid-Atlantic Coast are among the most popular tourist destinations in the United States. This book is a richly illustrated field guide that surveys the geology, environmental history, natural history, and human history of a region that spans the

eastern seaboard from Sandy Hook in New Jersey south to Cape Hatteras on the Outer Banks of North Carolina. It is organized around environments, not particular locations. Included are the geology of beaches and barrier islands, the environmental history of the region, as well as detailed looks at the natural history of beaches, dunes, maritime forests, coastal marshes, and estuaries. Also covered are issues involving human activity and climate change, which have become dominant forces shaping geophysical and biological environments. This guide will enable users to walk into a salt marsh or onto a beach and identify much

of what they see.
