As a teenager pretty much left to raise herself, Lucy Diamond is a narrator with a radiant yet guarded heart. As she races at breakneck pace toward womanhood, everything is at stake for her, producing an urgency and dread that she holds at bay with humor and grace. But while Lucy charges ahead, her mother's youth is fading. Simultaneously embracing and resisting their similarities, Fromm reveals both women's emotional vulnerabilities

and their deep mutual need. Conveyed through dialogue that is both laugh-aloud-funny and true, Lucy stands out in contemporary literature for her large heart and inimitable grit.

People Without Government DC Comics Herbs and spices are among the most versatile ingredients in food processing,

and alongside their sustained popularity as flavourants and colourants they are increasingly being used for their natural preservative and potential health-promoting properties. An authoritative new edition in two volumes, Handbook of herbs and spices provides a comprehensive guide to the properties, production and application of a wide variety of commercially-significant herbs and spices. Volume 1 begins with an introduction to herbs and spices, discussing their definition, trade and applications. Both the quality specifications for herbs and spices and the quality indices for spice essential oils are reviewed in detail, before the book goes on to look in depth at individual herbs and spices, ranging from basil to vanilla. Each chapter provides detailed coverage of a single herb or spice and begins by considering origins, chemical composition and classification. The cultivation, production and processing of the specific herb or spice is then discussed in detail, followed by analysis of the main uses, functional properties and toxicity. With its distinguished editor and international team of expert contributors, the two

volumes of the new edition of Handbook of herbs and spices are an essential reference for manufacturers using herbs and spices in their products. LOVECRAFT, "Supernatural Horror in Literature" Howard Phillips Lovecraft forever changed the face of horror, fantasy, and science fiction with a remarkable series of stories as influential as the works of Poe, Tolkien, and Edgar Rice Burroughs. The greatly anticipated final book in the *New York Times* bestselling *Hunger Games* trilogy by Suzanne Collins.

*Upland Rice* National Geographic Books *Catch Me If You Can* meets Patricia Highsmith in this “stylish” (*New York Times Book Review*) page-turner of greed and obsession, survival and self-invention that is a piercing character study of one unforgettable female con artist. At the end of the 1990s, with the art market finally recovered from its disastrous collapse, Miss Rebecca Farwell has made a killing at Christie’s in New York City, selling a

portion of her extraordinary art collection for a rumored 900 percent profit. Dressed in couture YSL, drinking the finest champagne at trendy Balthazar, Reba, as she’s known, is the picture of a wealthy art collector. To some, the elusive Miss Farwell is a shark with outstanding business acumen. To others, she’s a heartless capitalist whose only interest in art is how much she can make. But a thousand miles from the Big Apple, in the small town of Pierson, Illinois, Miss Farwell is someone else entirely—a quiet single woman known as Becky who still lives in her family’s farmhouse, wears sensible shoes, and works tirelessly as the town’s treasurer and controller. No one understands the ins and outs of Pierson’s accounts better than Becky; she’s the last one in the office every night, crunching the numbers. Somehow, her neighbors marvel, she always finds a way to get the struggling town just a little more money. What Pierson doesn’t see—and can never discover—is that much of that money is shifted into a separate account that she controls, “borrowed” funds used to finance her art habit. Though she quietly repays Pierson when she can, the business of art

is cutthroat and unpredictable. But as Reba Farwell’s deals get bigger and bigger, Becky Farwell’s debt to Pierson spirals out of control. How long can the talented Miss Farwell continue to pull off her double life?

Named a Best Book of the Year by *The Washington Post*, NPR, *Vanity Fair*, *LA Times*, *San Francisco Chronicle*, *Huffington Post*, *The Atlantic*, *Refinery 29*, *Men's Journal*, *Ploughshares*, *Lit Hub*, *Book Riot*, *Los Angeles Magazine*, *Powells*, *BookPage* and *Kirkus Reviews* The much-anticipated first novel from a Story Prize-winning “5 Under 35” fiction writer. In 2012, Claire Vaye Watkins’s story collection, *Battleborn*, swept nearly every award for short fiction. Now this young writer, widely heralded as a once-in-a-generation talent, returns with a first novel that harnesses the sweeping vision and deep heart that made her debut so arresting to a love story set in a devastatingly imagined near future: Unrelenting drought has transfigured Southern California into a surreal, phantasmagoric landscape. With the Central Valley barren, underground aquifer drained, and Sierra snowpack

entirely depleted, most “Mojavs,” prevented by both armed vigilantes and an indifferent bureaucracy from freely crossing borders to lush regions, have allowed themselves to be evacuated to internment camps. In Los Angeles’ Laurel Canyon, two young Mojavs—Luz, once a poster child for the Bureau of Conservation and its enemies, and Ray, a veteran of the “forever war” turned surfer—squat in a starlet’s abandoned mansion. Holdouts, they subsist on rationed cola and whatever they can loot, scavenge, and improvise. The couple’s fragile love somehow blooms in this arid place, and for the moment, it seems enough. But when they cross paths with a mysterious child, the thirst for a better future begins. They head east, a route strewn with danger: sinkholes and patrolling authorities, bandits and the brutal, omnipresent sun. Ghosting after them are rumors of a visionary dowser—a diviner for water—and his followers, who whispers say have formed a colony at the edge of a mysterious sea of dunes. Immensely moving, profoundly disquieting, and mind-blowingly original, Watkins’s novel explores the myths we believe about

others and tell about ourselves, the double-edged power of our most cherished relationships, and the shape of hope in a precarious future that may be our own.
