This book recounts the

stories of just some of the hundreds of peasant farmers from Southern Ethiopia who God called to take the Gospel message into previously inaccessible regions, to people so

fierce they would not hesitate to kill an outsider. It is a brief record of some of their culture, the security of their families and who, with Bible and water bottle in hand and confidence in their saviour, took the message of Jesus Christ over the mountain ranges and beyond the rivers to those who had never heard of Him. Today, through the sacrifices and sufferings of men like these, there are thousands of churches throughout the mountains of Southern Ethiopia. These stories will shock encourage, challenge and provoke you to follow their example as gospel warriors.

Wore Negari Simon & Schuster Books For Young Readers
The Fall of Troy by

Quintus Smyrnaeus
Originally written in Greek, sometime about the middle of the 4th Century A.D.
Translation by A.S. Way.

Revelation Pan Macmillan

Wore Negari is the story of Mohamed Yimam and his friends in times of major social and political upheaval in Ethiopia. Throughout the pages of the book, Mohamed narrates the struggle within himself to be a revolutionary like his peers. Sucked into a revolutionary current that he could not withstand, Mohamed flows with events of the seventies to a near disastrous end. In Wore Negari, he looks back and confronts his actions with unflinching honesty. This is a story of brave but misguided

youth in their revolutionary fervor. Above all, it is a human story of a family in distress, a country in turmoil, an individual at war within himself, and young people with extraordinary courage who threw everything they had to the cause they believed in. Wore Negari is also a discourse on the major events of the seventies, and the issues that pitted the left against the left, and the civil war that consumed them all. It is a story of survival against all odds and the responsibility the survivor assumes to tell the story to a future generation. Wore Negari attempts to give voice to and tell the stories of youth whose individual bravery and integrity would not otherwise be

known by a people for whose "cause" they shed their blood. *The Battle of Adwa* Createspace Independent Publishing Platform Presenting an alternative version of African American history, this novel explores what might have happened if John Browns 1859 raid on Harpers Ferry had been successful. Chronicling life in a thriving black nation founded by Brown in the former southeastern United States, this dramatic story opens 100 years later, just as Nova Africa is poised to celebrate its first landing of a spacecraft on Mars. The prosperous black state will soon be tested when the granddaughter of John

Brown returns from Africa to reunite with her daughter and share with her a secret that will alter their lives forever.

The Fall of Troy New York : Toronto : Sudan Interior Mission

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Fire on the Mountain

Canongate Books
Jesus Christ is arguably the most famous man who ever lived. His image adorns countless churches,

icons, and paintings. He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair.

Turtleback

Gone are the days

when Nanda Kaul watched over her family and played the part of Vice-Chancellor's wife. Leaving her children behind in the real world, the busier world, she has chosen to spend her last years alone in the mountains in Kasauli, in a secluded bungalow called Carignano. Until one summer her great-granddaughter Raka is dispatched to Kasauli - and everything changes. Nanda is at first dismayed at this break in her precious solitude. Fiercely taciturn, Raka is, like her, quite untamed. The girl prefers the company of apricot trees and animals to her great-grandmother's, and spends her afternoons rambling over the mountainside. But the

two are more alike
 than they know.
 Throughout the hot,
 long summer, Nanda's
 old, hidden
 dependencies and
 wounds come to the
 surface, ending,
 inevitably, in tragedy.
 Marvellous yet
 restrained, Fire on the
 Mountain speaks of the
 past and its
 unshakable hold over
 the present.

runner's power. It is a place where an anonymous runner in the forest told me, miming an imaginary scoreboard and with a completely straight face, that he had dreamt that he would run 10km in 25 minutes. It is a place where they tell me that the air at Mount Entoto will transform me into a 2.08 marathon runner. It is a place, in short, of wisdom and magic, where dreaming is still very much alive.' Why does it make sense to Ethiopian runners to get up at 3am to run up and down a hill? Who would choose to train on almost impossibly steep and rocky terrain, in hyena territory? And how come Ethiopian men hold six of the top ten fastest marathon times

ever? Michael Crawley spent fifteen months in Ethiopia training alongside (and sometimes a fair way behind) runners at all levels of the sport, from night watchmen hoping to change their lives to world class marathon runners, in order to answer these questions. Follow him into the forest as he attempts to keep up and get to the heart of their success.

King Solomon, the Bible's wisest king, was possessed of extraordinary wealth. The grand temple he built in Jerusalem was covered in gold. Over the ages, many have sought to find the source of the great king's wealth -- but none with so much flair, wit, or whimsy as

Tahir Shah. Intrigued by a map he finds in a shop not far from the site of the temple, Shah assembles a multitude of clues to the location of Solomon's mines. From ancient texts to modern hearsay, all point across the Red Sea to Ethiopia. Shah's trail takes him on a wild ride by taxi, bus, camel, and donkey to the gold-bearing corners of this storied and beautiful country. He interviews the hyena man of Harar, is hauled up on a rope to enter a remote cliff-face monastery, and stumbles upon an illegal gold mine where thousands of men, women, and children dig with their hands. But the hardest leg of the journey is to the accursed mountain of Tullu Wallel, where

legend says the devil keeps watch over the entrance to an ancient mine shaft... Book jacket.
