JONATHAN JOHANNA

More Room in a Broken Heart Princeton University Press

So wrote Texas pioneer cattle drover William Berry Duncan in his March 1862 diary entry, the day he joined the Confederate Army. Despite his misgivings, Duncan left his prosperous business to lead neighbors and fellow volunteers as commanding officer of cavalry Company F of Spaight's Eleventh Battalion that later became the 21st Texas Infantry in America's Civil War. Philip Caudill's rich account, drawn from Duncan's previously untapped diaries and letters written by candlelight on the Gulf Coast cattle trail to New Orleans, in Confederate Army camps, and on his southeast Texas farm after the war, reveals the personable Duncan as a man of steadfast integrity and extraordinary leadership. After the war, he returned to his home in Liberty County and battled for survival on the chaotic Reconstruction-era Texas frontier. Supplemented by archival records and complementary accounts, Moss Bluff Rebel paints a picture of everyday life for the Anglo-Texans who settled the Mexican land grants in the early nineteenth century and subsequently became citizens of the proudly independent Texas Republic. The carefully crafted narrative goes on to reveal the wartime emotions of a reluctant Confederate officer and his postwar struggles to reinvent the lifestyle he knew before the war, a way of life he sensed was lost forever. Moss Bluff Rebel will appeal to history lovers of all ages attracted to the drama of the Civil War period and the men and women who shaped the Texas frontier.

Murder Can Kill Your Social Life Motorbooks

What would you sacrifice for a kiss? When smoldering Finn and sexy Lucas arrive in the quiet New England town of Winter Mill, life starts to get very complicated for Faye McCarron. But two boys battling for her heart is just the start and events in the town turn sinister. There's a dead body in the woods, a motorcycle gang on the prowl, and the snow just won't stop falling. Something evil is at work and only Faye and her best friend, Liz, can stop it. As the temperature drops and Halloween draws close, they must discover the dark and sinister secret at the heart of Winter Mill--before it is too late.

This text chronicles the rise and subsequent fortunes of goddess worship (Saktism) in the region of Bengal from the middle of the 18th century to the present. McDermott places the advent of the Sakta lyric in its historical context.

Girl Underground Monsoon Books

A completely revised version of one of the best-selling motorcycle riding skills books of all time. Today's super high-performance bikes are the most potent vehicles ever sold to the public and they demand advanced riding skills. Get it right, and a modern motorcycle will provide you with the thrill of a lifetime; get it wrong and you'll be carted off in a meat wagon. The line between ecstasy and agony is so thin that there is absolutely no margin for error.Total Control provides you with the information you need to stay on the healthy side of that line, providing a training course developed and perfected through decades of professional training in Lee Parks' Total Control Advanced Riding Clinic. This is the perfect book for riders who want to take their street riding skills to a higher level. Total Control explains the ins and outs of high-performance street riding. Lee Parks, one of the most accomplished riders, racers, authors and instructors in the world, helps riders master the awe-inspiring performance potential of modern motorcycles. This book gives riders everything they need to develop the techniques and survival skills necessary to become a proficient, accomplished, and safer street rider. High quality photos, detailed instructions, and professional diagrams highlight the intricacies and proper techniques of street riding and the knowledge gained will apply to all brands of bikes from Harley-Davidson and Suzuki to Ducati and Kawasaki to Honda and BMW and more! Readers will come away with a better understanding of everything from braking and cornering to proper throttle control, resulting in a more exhilarating yet safer ride.

Moses, Citizen And Me Pearson Education

They had met before. Battled before. And Captain Maya Stevenson had never again wanted to lay eyes on Major Dane York—the man who had once tried to destroy her military career. But she was ready for him now. This time, they were on her turf—on her mission. Dane knew this assignment was his last chance to save his career. And Maya wasn't going to make it easy. Even though he sensed she knew she needed his expertise. And even though there was something happening behind the flash of her eyes that spelled wanting, and tenderness, and danger.

More Than a Dream St. Martin's Griffin

The eleven stories and one novella of Mother Box, and Other Tales bring together everyday reality and something that is dramatically not in compelling narratives of new possibilities. In language that is both barb and bauble, bitter and unbearably sweet, Sarah Blackman spins the threads of stories where everything is probable and nothing is constant. The stories in Mother Box, and Other Tales occur in an in-between world of outlandish possibility that has become irrefutable reality: a woman gives birth to seven babies and realizes at one of their weddings that they were foxes all along; a girl with irritating social quirks has been raised literally by cardboard boxes; a young woman throws a dinner party only to have her elaborate dessert upstaged by one of the guests who, as it turns out, is the moon. Love between mothers and children is a puzzling thrum that sounds at the

very edge of hearing; a muted pulse that, nevertheless, beats and beats and beats. In these tales, the prosaic details of everyday life—a half-eaten sandwich, an unopened pack of letters on a table—take on fevered significance as the characters blunder into revelations that occlude even as they unfold.

Full-figured New York private detective Desiree Shapiro takes on the case of a grocery delivery boy accused of the brutal robbery and murder of an elderly woman.

Total Control Granta Books

Planes travel fast; for airline crew, good gossip travels faster. In this sequel to bestselling "Confessions of a Hostie", international flight attendant Danielle Hugh entertains and shocks in equal measure with more turbulent tales of life in the sky. Intense shopping, jetlag, poltergeist passengers, mile-high-club contenders and sick bags all put in an appearance, as do Danielle's 'earthling' boyfriend, Dean, her best friend, Helen, and her promiscuous fellow hostie, Mary-go-round. So, fasten your seatbelts, ensure your seat is fully upright, your tray-table stowed and join Danielle on her (sometimes) glamorous journey through life and relationships high above the clouds.

More Matter Headline

From Koren Zailckas, author of the iconic memoir SMASHED: an electrifying debut novel about a family being torn apart by the woman who claims to love them most Josephine Hurst has her family under control. With two beautiful daughters, a brilliantly intelligent son, a tech-guru of a husband, and a historical landmark home, her life is picture perfect. But living in this matriarch's determinedly cheerful, yet subtly controlling domain hasn't been easy for her family, and when her oldest daughter, Rose, runs off with a mysterious boyfriend, Josephine tightens her grip, gradually turning her flawless home into a darker sort of prison. Resentful of her sister's newfound freedom, Violet turns to eastern philosophy, hallucinogenic drugs, and extreme fasting, eventually landing herself in a psych ward. Meanwhile, her brother, Will, recently diagnosed with Asperger's, shrinks further into a world of self-doubt. Their father, Douglas, finds resolve in the bottom of a bottle—an addict craving his own chance to escape. Josephine struggles to maintain the family's impeccable façade, but when a violent incident leads to a visit from child protective services, the truth about the Hursts might finally be revealed. Now with Extra Libris material, including a reader's guide and bonus content

Motherhood in the Twenty-First Century John Wiley & Sons

This compilation of medical and forensic science questions from crime writers around the world provides insight into medical and forensic science as well as a glimpse into the writer's creative mind. How do hallucinogenic drugs affect a blind person? Will snake venom injected into fruit cause death? How would you perform CPR in a helicopter? What happens when someone swallows razor blades? How long does it take blood to dry? Can DNA be obtained from a half-eaten bagel? D. P. Lyle, MD, answers these and many more intriguing questions. The book is a useful and entertaining resource for writers and screenwriters, helping them find the information they need to frame a situation and write a convincing description. TV viewers, readers who enjoy crime fiction, and those who want to know more about forensic science can keep up with the news and understand the science behind criminal investigation. From traumatic injuries to the coroner's office, the questions and answers are divided into five parts, making it a compendium of the incredible information that lies within the world of medicine and forensics.

Offering indisputable evidence of the early talent that was to lead him to the top of the bestseller lists everywhere, these fourteen tales of crime and corruption, of sleuthing and suspense, of treachery, intrigue, and revenge, by the incomparable John D. MacDonald, were selected from the hundreds that originally appeared in the immensely popular pulp magazines of the late 1940s. Superb entertainment from one of crime's most famous and accomplished writers. 'The stories share MacDonald's love of a buzz ending and the biting setup' Chicago Sun-Times

More Good Old Stuff Penguin Group Australia

Plant Parasitic Nematodes, Volume 1: Morphology, Anatomy, Taxonomy, and Ecology is a masterful reference work in nematology that also includes information about ultrastructure, enzymology, and chemistry of body composition; culturing; virus transmission; biological races; and nature of plant resistance. This volume includes a discussion of the history and development of plant nematology, the status of research on this field, and information pertaining to professional societies and publications. It also discusses nematode morphology, anatomy, taxonomy, and ecology, including the origin of plant nematodes and population dynamics. It features drawing examples of free-living and animal parasitic nematodes. This treatise is written to provide an up-to-date reference source for students, lecturers, and research professionals in plant parasitology, specifically nematology, and related fields.

Profit Pack Vintage

Enhanced e-book includes videos Many books have been written on modelling, simulation and control of four-wheeled vehicles (cars, in particular). However, due to the very specific and different dynamics of two-wheeled vehicles, it is very difficult to reuse previous knowledge gained on cars for two-wheeled vehicles. Modelling, Simulation and Control of Two-Wheeled Vehicles presents all of the unique features of two-wheeled vehicles, comprehensively covering the main methods, tools and approaches to address the modelling, simulation and control design issues. With contributions

from leading researchers, this book also offers a perspective on the future trends in the field, outlining the challenges and the industrial and academic development scenarios. Extensive reference to real-world problems and experimental tests is also included throughout. Key features: The first book to cover all aspects of two-wheeled vehicle dynamics and control Collates cutting-edge research from leading international researchers in the field Covers motorcycle control – a subject gaining more and more attention both from an academic and an industrial viewpoint Covers modelling, simulation and control, areas that are integrated in two-wheeled vehicles, and therefore must be considered together in order to gain an insight into this very specific field of research Presents analysis of experimental data and reports on the results obtained on instrumented vehicles. Modelling, Simulation and Control of Two-Wheeled Vehicles is a comprehensive reference for those in academia who are interested in the state of the art of two-wheeled vehicles, and is also a useful source of information for industrial practitioners.

More Than Words: Stories of Hope Motorbooks International

Hans Fallada was a drug addict, womanizer, alcoholic, jailbird and thief. Yet he was also one of the most extraordinary storytellers of the twentieth century, whose novels, including *Alone in Berlin*, portrayed ordinary people in terrible times with a powerful humanity. This acclaimed biography, newly revised and completely updated, tells the remarkable story of Hans Fallada, whose real name was Rudolf Ditzen. Jenny Williams chronicles his turbulent life as a writer, husband and father, shadowed by mental torment and long periods in psychiatric care. She shows how Ditzen's decision to remain in Nazi Germany in 1939 led to his self-destruction, but also made him a unique witness to his country's turmoil. *More Lives Than One* unpicks the contradictory, flawed and fascinating life of a writer who saw the worst of humanity, yet maintained his belief in the decency of the 'little man'.

More Than It Hurts You Texas A&M University Press

These thirteen tales are populated by an assortment of fictional as well as real characters, all of them vividly sketched and true-to-life: the botanist Linnaeus, the composer Offenbach, the poet Hart Crane, the visionary horror writer H. P. Lovecraft, a southern sheriff, a dealer in rare books, a country singer, an old maid (and her suitor), and a mathematician. Whether these stories are deemed disquieting, comic, prophetic, or tall in the telling, they show us worlds where the truth reveals itself in many shapes. Throughout the writings comprising *More Shapes Than One*, Fred Chappell's storytelling magic transforms the commonplace.

Thermal Flying Penguin

A brilliant, hilarious, and touching story from the author of *Conversations with the Fat Girl*, Liza Palmer's *More Like Her* is smart, funny, though-provoking women's fiction in the vein of Emily Giffin, Marian Keyes, Meg Cabot, and Jane Green. *More Like Her* is the story of a seemingly perfect woman who's the envy of her friends, neighbors, and co-workers...until the life of the object of their jealousy spectacularly, unexpectedly, and disastrously explodes. A novel of secrets, disappointments, false impressions—and what really goes on behind those suburban picket fences—*More Like Her* is ultimately about facing reality and appreciating everything that life has to offer.

More Than a Mistress Harlequin

Few activities offer more fun and excitement than motorcycling, but to get the most out of it, there's a lot you need to know. From buying and maintaining a bike, to riding safely, to finding great places to ride, *Motorcycling For Dummies* puts you on the road with savvy and style, whether you're male or female, new to riding or an experienced vet. This fun, practical, and informative guide gets you geared up and ready to ride! You'll get

plenty of help in selecting the right bike and step-by-step instructions on performing routine maintenance tasks. You'll also find out how to develop safe riding habits and, maybe most important of all, fit in with the biker crowd. Plus, this indispensable resource shows you advanced riding techniques, offers travel tips for long-distance rides, and even helps you get your kids started in motorcycling. Discover how to: Buy a new or used bike Select safe, tough riding gear, from helmet and jacket to boots and pants Get proper training and learn essential riding skills Insure your bike Pass even the toughest licensing test Try your hand at cruising, touring, sports biking, and more Get involved in motorcycle clubs and events Deal with dangers on the road Customize your bike to improve both style and performance Complete with lists of great biking events, organizations, people, and even movies, *Motorcycling For Dummies* gives a whole new meaning to the term "easy rider."

Cranes (including Hoists and Winches) (known as the SAA Crane Code) Harlequin

Presents games and other activities from different countries and cultures that teach a variety of basic mathematical concepts.

Motorcycling For Dummies Oxford University Press on Demand

Mothers in the twenty-first century confront us, both in clinical practice and in theory, with fascinating challenges that to some extent subvert the traditional maternal ideal: the motherhood of single women, motherhood in which the mother-child relationship seems minimal (in the case of very busy working mothers), teenage motherhood in which there is no true awareness of the maternal function, motherhood in couples of homosexual women, men who take upon themselves the maternal function (men-mothers), complex motherhood by virtue of the multiple variants that have nowadays become possible thanks to new reproductive techniques, shared motherhood, surrogate motherhood, sublimated motherhood, perverse motherhood. Psycho-history, the accumulation and variety of psychoanalytic theories of femininity and motherhood, the contribution of gender studies, cross-disciplinary research, and listening to what our patients have to say - all this has yielded, in the past few decades, much controversial data that challenges orthodox classical thinking with respect to the role and function of women as mothers.

Moss Bluff Rebel Penguin UK

During the past quarter century, free-market capitalism was recognized not merely as a successful system of wealth creation, but as the key determinant of the health of political and cultural democracy. Now, renowned British journalist and historian Godfrey Hodgson takes aim at this popular view in a book that promises to become one of the most important political histories of our time. *More Equal Than Others* looks back on twenty-five years of what Hodgson calls "the conservative ascendancy" in America, demonstrating how it has come to dominate American politics. Hodgson disputes the notion that the rise of conservatism has spread affluence and equality to the American people. Quite the contrary, he writes, the most distinctive feature of American society in the closing years of the twentieth century was its great and growing inequality. He argues that the combination of conservative ideology and corporate power and dominance by mass media obsessed with lifestyle and celebrity have caused America to abandon much of what was best in its past. In fact, he writes, income and wealth inequality have become so extreme that America now resembles the class-stratified societies of early twentieth-century Europe. *More Equal Than Others* addresses a broad range of issues, with chapters on politics, the new economy, immigration, technology, women, race, and foreign policy, among others. A fitting sequel to the author's critically acclaimed *America In Our Time*, *More Equal Than Others* is not only an outstanding synthesis of history, but a trenchant commentary on the state of the American Dream.
