Struggling to apply the principles of PRINCE2 in

practice?
Need guidance on adapting the process for smaller projects? PRINCE2 for Practitioners provides the solution. This practical

reference, matching the details and requirements of the 2009 PRINCE2 manual, contains new and updated real-life examples and case studies,

links between related components and processes, and clear guidance on how to fine-tune the method to help you manage projects successfully, whatever the context and size. An affordable alternative to expensive training, this best-selling handbook by PRINCE2 expert Colin Bentley is an indispensable addition to your project management bookshelf and a companion

to the PRINCE2 for Beginners book. If you have passed the PRINCE2 exams, it will help you keep your knowledge and skills up to date to maintain registered status and enable you to apply the theory of PRINCE2 to everyday project work after certification. **PRINCE2 Foundation Exam Practice Questions & Dumps** BCS, The Chartered Institute
There are

many publications on PRINCE2. Most of these publications describe the theory of PRINCE2. This book however deals with a practical approach for formal reports: how it can be achieved that PRINCE2 works better in practice? The existing PRINCE2 report templates cannot be used easily. Of course the process approach in PRINCE2 remains viable, but in this book the

PRINCE2 documents are the key. The reader gets a practical help for implementing PRINCE2. This helps project managers and project executives to manage and control in an efficient manner. most recent revisions to the method made in 2009, so it's as current as any other resource on the market today. I have written this guide as an efficient self-study manual that presents what you need to grasp the fundamentals of PRINCE2 and understand it as a logical system. It is specifically aimed at readers who are studying for the Foundation qualification and want to get the most out of their

study time. Although anything in this book can appear on the examination, certain parts of the method show up repeatedly, so at the end of the chapter you will find a list of the concepts you should review more intensively, along with study tips and tricks. In the second part of the book you will find 75 sample test questions, followed by a separate section giving the answers and which element of the

method each question is taken from. This way, you can focus on a particular area of PRINCE2 where you need to do more work. INSIDE:: PRINCE2 for Beginners Book Inside this book you'll discover: The 7 PRINCIPLES - Business Case Organization Quality Plans Risk Change Progress The 7 PROCESSES - Starting Up a Project Directing a Project Initiating a Project Managing a Stage

This book covers just the essentials with no fluff, filler, or extra material, so you can learn the material quickly and conquer the
---	---	---

certification exam with ease. This book assumes that you have no previous experience with the PRINCE2® methodology and will teach you the bare minimum you need to know in order to take and pass the PRINCE2® Foundation certification exam on your first attempt. This book will NOT teach you everything you need to know to be efficient or effective in implementing the PRINCE2® methodology in your

organization, but it will make you familiar with all the principles, themes, and processes that PRINCE2® uses during successful projects. After all, this text is designed to get you to pass the certification exam, not to make you an expert in PRINCE2®. Due to the design of this text, we will move at a very quick pace through the material. If you read this entire book and take the practice

exams located at the end of the text (scoring at least an 85% or higher), you will be ready to take and pass the PRINCE2® Foundation exam on your first attempt! This book also includes free access to our PRINCE2® Foundation: Cram to Pass video course (a \$19.99 value) when you register your copy at our website (DionTraining.com). Dion Training is an Authorized Training Organization

(ATO) for the ITIL Foundations exam. Discount exam vouchers are available through our website for students. *Prince2* Librito Books This Courseware package consist out of two publications, PRINCE2® 2017 Edition Foundation Courseware English (ISBN: 978 94 018 0227 7) and Project Management Based on PRINCE2® 2009 Edition (ISBN: 978 90 8753 496 7). This Courseware is suited for the PRINCE2® 2017 Edition Foundation exam. There are also two sample exams added of the PRINCE2® 2009 Edition Foundation exam in case the participant prefers to take the PRINCE2® 2009 Edition Foundation exam. Why take a PRINCE2® course? There are six variables that present in every project. These variables need to be managed accordingly. The six variables are: - Money - Time - Quality - Scope - Risks - Benefits PRINCE2® is an integrated framework of processes and themes that will provide handles for planning, delegating, supervising and maintaining the six aspects of project performance. By using examples and assignments from practice, PRINCE2® will be made clear. The participants will be

optimally prepared for the PRINCE2® 2017 Edition Foundation exam as they will receive handles by which they can use the method in their own practice. PRINCE2® is part of an integrated framework with all of AXELOS methods and models like ITIL®, M_o_R®, MSP®, MOV® and P3O®. After completing this course, you have improved your ability to: - name the

importance, the location, the benefits and the factors of success and failure within projects - describe the characteristics and the factors of success and failure of project-based working - describe the base, the goal and the basic definitions of project-based working according to PRINCE2® - recognize and describe the relation between projects and the daily operations of the

organization - name the principles, the themes and the main processes of PRINCE2®, describe the mutual relations between the main processes and give examples of data, results and products that can be exchanged between the main processes - describe the importance of communication that is in time and correct with employers and employees

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is

to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official

PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and

it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
