"In a society which denies death Marjorie Ryerson's book can help everyone awaken to the beauty and meaning of life. Death is the greatest

teacher I know of, about life, and by sharing the stories within this book with us she will help us all to live fuller, more meaningful

lives." -Bernie Siegel, M.D., author of Help Me to Heal and 365 Prescriptions for the Soul "Ryerson offers us the rare opportunity to free ourselves from fear and recognize in our own lives the power of love and the presence of mystery. A book for anyone who has ever wondered what it takes to face the unknown." - Rachel Naomi Remen, M.D., author of Kitchen Table Wisdom and My

Grandfather's Blessings "Companions for the Passage provides a unique look at the ways people adapt to loss. These are powerful stories for anyone who has experienced the death of a loved one." --- J. Donald Schumacher, President and CEO, National Hospice and Palliative Care Organization Companions for the Passage, from the author of the acclaimed Water Music, is an unforgettable

book on a rarely visited subject: the personal stories of those who have witnessed the death of a loved one. Similar to works of Studs Terkel, author Marjorie Ryerson's interviews capture the human condition through their wide variety of experiences and voices. Some of the interviewees are religious, some not; some encouraged their loved ones to accept death, others

to fight it to the end. There are stories of heroic nurses and of indifferent hospital bureaucracies, of deaths that came too soon, and those that came at the end of a long, rich life.

Possessing an affirmative quality that is anything but sentimental, ultimately these stories celebrate the experience of being present at the death of a loved one.

How to Disappear Completely
Farrar, Straus and Giroux

"When Emma discovers the first spot, 'like a tiny bright moon' on her left foot, she's at the funeral of her grandmother, who had been her best friend as well. The diagnosis is vitiligo, a skin condition triggered by stress. Creating a large multigenerational cast, Standish knits an absorbing story of loss, identity, and human connections. A rewarding, realistic novel, illuminated by magical elements."

—Booklist (starred review)
Wonder meets Some Kind of Happiness in this powerful tween novel from Ali Standish, author of the Carnegie Medal nominee *The Ethan I Was Before* and *August Isle*. While her grandmother was alive, Emma's world was filled with enchantment. But now Gram is gone, and suddenly strange spots are appearing on Emma's skin. Soon, she's diagnosed

with vitiligo—a condition that makes patches of her skin lose their color—and the magic in her world is suddenly replaced with school bullies and doctor appointments. But when Emma writes one last story in the journal she shared with Gram, something strange happens. Someone writes back to her, just like Gram used to. Who's writing to Emma? And just what is her story going to be, now that

everything is so different? Award-winning author Ali Standish explores the ways life transforms us, and how we learn to let go of what we must while still holding fast to who we are. "Seamlessly blending childhood wonder with the slow lessons of maturity, this tale succeeds in celebrating curiosity, thoughtfulness, and collaboration, centering on relatable characters who welcome

readers into their world." —Publishers Weekly

Can a mother-daughter relationship survive fifth-grade mean girl drama? Yes, if the mom's best friends have anything to say about it. When Dawn learns her oldest daughter, Kayli, is put in the same class as a manipulative and cunning queen bee, she knows she must step up her mom game and fast. Feeling ill-equipped to handle the situation, Dawn turns to her two best mom friends for advice during their weekly morning walks. At first, Dawn's grateful for their suggestions. They have similar-aged kids and a much better pulse on what's going on at school. But when their well-intentioned guidance only exacerbates the situation, Dawn's desperation and frustration grow as her relationship with Kayli deteriorates. Facing irreparable damage to their mother-daughter relationship, Dawn must decide if she'll continue to follow her friends' advice or begin to trust her own gut in how to best parent Kayli. Mom Walks: Starting in 5th is the first book in a women's fiction series that follows a mom and her two best mom friends as they navigate the chaotic trenches of parenting tweens. If you enjoy light, heart-warming stories about

mother-daughter relationships and friendship, this book is for you.

Taking Chances

Can a mom preserve her tween's authenticity under the pressure of middle school? Maybe, but first she has to prove she can stay true to herself.

Parenting through the middle school years can test any mom. And Dawn's wealthy community and its pressure-cooker atmosphere don't make it easier. She cringes watching her sixth-grade daughter, Kayli, cave to superficial trends and disregard what's important to her just to fit in. Overwhelmed and underinformed in navigating this minefield, Dawn jumps

at the chance to volunteer with some parenting insiders. But the role quickly consumes Dawn and inserts her into the very mom drama she detests. Worse yet, Dawn's still failing to prevent Kayli from succumbing to her peer influencers. In fact, Dawn starts doing the same. With her work-life balance and her daughter's character at stake, Dawn must learn to stand up for

what she believes in before it's too late to show her daughter how it's done. Mom Goes for a Walk Light Messages Publishing After his mother goes deaf, a young boy must navigate through the many difficulties of his childhood. the same time, the boy tries to impress the girl of his dreams at school, leading him into a troublesome situation. He must make choices which could affect him for the rest of his life. Through it all, he must figure out how to endure and grow, how to become the man of the house. • See how the protagonist deals with the struggling relationship between his mother and father. • How

to deal with the struggles of puberty and coming of age. • Impressing your crush at school and the holes this can trap you in. • Navigating through a house filled with tension while also trying to take control. • Understand what it's like to live with someone who has experienced recent trauma. • Read about the importance of a mother-son relationship and how the bond between

parent and child can grow. The story is fictional, but tells true experiences of the author. It is a personal story that speaks to what growing up is really like for many young boys, and how they look to their parents or siblings for guidance. This story tells what can go wrong when that guidance is not there, but also the powerful bond between mother and son. About the Writer Alex Eaker grew up

in the cold suburbs of Connecticut. At five years old, his parents got a divorce, putting Alex on an early path towards writing. Ever since, Alex has written about his experience as a son and younger brother, operating between his mother and fathers' homes while also enduring the universal struggles of adolescence. His stories serve to share his experience, an experience

not uncommon in today's world. He hopes his words can reach the ears of readers who are seeking a voice to connect with, a voice they feel they have a common thread between.  But when Elaine decides to try to heal her cancer naturally, Rachel has to draw the line. What ensues is a tug of war between logical and magical thinking, an odyssey through New Age remedies ranging from herbal tinctures and juice cleanses to a countryside ayahuasca trip, and a portrait of a mother and child who've never been physically closer or ideologically

further apart. In facing their inimitable mother's death, Rachel has written a book bursting with life—the epic adventures and epic fails, the broken limbs and belly laughs. As hilarious as it is poignant, *Dead Mom Walking* is about writing the story of your life only to find out that life has other plans. *The Last Mall Rat* Rebecca Prenevost Cold honesty, grudging acceptance, and sweet revenge:

facing down the demons in small-town New Hampshire. **The Mom Walk** Rebecca Prenevost Mitch Grant just wanted a job, and maybe a little respect, but at fifteen, he found both just beyond his reach. Too young to be legally employed, he knew that the only cash likely to come his way would have to pass “under the table”—through some discreet, off-the-books business arrangement.

And that meant talking to the Chair, a shoe salesman at the mall famous for his skill in getting customers from “just looking” to the cash register. The Chair had hired Mitch once before for a temporary assignment—too temporary for the cash-strapped Mitch. When he goes to see the Chair this time, however, it’s the super-slick salesman who desperately needs help. The Chair is finally

cracking under the strain of all that service with a smile. So Mitch proposes a deal—a way for the Chair, and other beleaguered mall workers, to combat the endless humiliation they suffer at the feet of their customers, while helping Mitch with his cash shortage. The Chair agrees to the terms, and soon Mitch has recruited his friends Page, Marcus, and Jimmy to “staff” a bold—and

brash—new venture. Demand for their services skyrockets and along with it, the authorities’ alarm. Words like gang, Mall Mafia, and even terrorist start to fly. Mitch soon realizes that his small business has spiraled out of control—big time! *Chloe's Tree of Life* Melville House From an early age, author Kiki Opal faced a host of challenges. Her single mom battling multiple sclerosis and

later dying. A father who isn't there. Opal herself fighting to overcome depression. A sister who often pretends none of it is happening. A grandmother trying to cope with it all, and a grandfather who is affected by it all more than he lets on. In *Footprints of Mud*, Opal shares her journey through the good times and the challenging, to the ones she thought she'd never recover from to the ones that

made her realize that the dark times make the bright times brighter. From reflections on her first memories, to revelations through teenage journal entries, to letters from her mother, Opal narrates the story she promised her mom she would tell. *Footprints of Mud* chronicles a journey of sickness, health, depression, and finding your way.

Plain Jane 2 was produced and written for the readers. The author endured more abuse in one lifetime than anyone should be exposed to. Jane wants her readers to know and understand that if she can fight for her freedom, then so can they. She came to this country and was left stranded with three children no home, no food, no job, and not a single English word in her vocabulary. While her eldest son was

kept from her back home by her controlling mother-in-law, she raised her other children without a dime of public assistance or child support. She worked three jobs for a long time, saving money to eventually buy a home for her children and fight tooth and nail to reunite with her estranged son who she left as a child and reunited with as an adult. Finally she saw light at the end of tunnel, but her freedom was never

free.

 "It's just a move," her father said. Her mother shrugged. Sarah cried. Fourteen and her dream

country club life shattered. It's not just a move, it's a move to a farm with fields and animals and miles of dusty roads between farmhouses. She isn't even part of a town. Neither is her mother. These two lives move in parallel as each negotiates change within the confines of the 1950s Midwest mores. A perfect family: executive father, trophy wife, two daughters until this move rips the

scabs off the marriage and fractures the family structure. "Readers will be swept away by FRACTURED, a timeless coming-of-age novel with an unforgettable heroine. Set in the 1950s, the novel evokes a more innocent time, but Sandra Windsor has a few plot twists up her sleeve that show the darkness hiding behind even the most perfect-seeming family. Windsor is a masterful storyteller

with remarkable insight into the human condition. This novel is full of heart.”
