A literary gem - a portrait from life of Franz Kafka - now with an

ardent preface by Francine Prose, avowed “fan of Janouch’s odd and beautiful book.” Gustav Janouch met Franz Kafka, the celebrated author of *The Metamorphosis*, as a seventeen-year-old fledgling poet. As Francine Prose notes in her wonderful preface, “they fell into the habit of taking long strolls through the city, strolls on which Kafka seems to have said many amazing, incisive, literary, and per- things to his companion and interlocutor, the teenage Boswell of Prague. Crossing a windswept square, apropos of something or other, Kafka tells Janouch, ‘Life is infinitely great and profound as the immensity of the stars above us. One can only look at it through the narrow keyhole of one’s personal experience. But through it one perceives more than one can see. So above all one must keep the keyhole clean.’” They talk about writing (Kafka’s own, but also that of his favorite writers: Poe, Kleist, and Rimbaud, who “transforms vowels into colors”) as well as technology, film, crime, Darwinism, Chinese philosophy, carpentry, insomnia, street fights, Hindu scripture, art, suicide, and prayer. “Prayer,” Kafka notes, brings “its infinite radiance to bed in the frail little cradle of one’s own existence.”

¿Has estado estudiando inglés durante mucho tiempo pero te da la impresión de que todavía no entiendes con claridad a la gente inglesa? O, lo que es peor, ¿no consigues hacer que te entiendan? Se trata de un problema muy común entre los hispanohablantes que han invertido muchos años de su vida en clases de inglés, logrando alcanzar un excelente nivel de vocabulario y gramática, y todavía con grandes dificultades a la

hora de comunicarse oralmente. La mayoría de esos problemas podrían resolverse si los hispanohablantes hubiesen prestado más atención al aspecto de la pronunciación, teniendo en cuenta que es el área en la que más difieren el inglés y el español. Este libro está pensado para ayudar a resolver esos problemas de comunicación en inglés, presentando las cuestiones más relevantes de la pronunciación inglesa y comparándolas con aquellas de la pronunciación española. No sólo abarca las vocales y las consonantes, si no también otros aspectos como el ritmo, la entonación, o la colocación del acento. El libro viene acompañado de un CD-ROM con material de audio y ejercicios interactivos.

John Keegan's groundbreaking portrayal of the common soldier in the heat of battle -- a masterpiece that explores the physical and mental aspects of warfare The Face of Battle is military history from the battlefield: a look at the direct experience of individuals at the "point of maximum danger." Without the myth-making elements of rhetoric and xenophobia, and breaking away from the stylized format of battle descriptions, John Keegan has written what is probably the definitive model for military historians. And in his scrupulous reassessment of three battles representative of three different time periods, he manages to convey what the experience of combat meant for the participants, whether they were facing the arrow cloud at the battle of Agincourt, the musket balls at Waterloo, or the steel rain of the Somme. The Face of Battle is a companion volume to John Keegan's classic study of the individual soldier, The Mask of Command: together they form a masterpiece of military and human history.

When the first European missionaries arrived on other continents, it was decided that the indigenous languages would be used as the means of christianization. There emerged the need to produce grammars and dictionaries of those languages. The study of this linguistic material has so far not received sufficient attention in the field of linguistic historiography. This volume is the first published collection of papers on missionary linguistics world-wide; it represents the insights of recent research,

containing an introduction and papers on methodology, meta-historiography, the historical and cultural background. The book contains studies about early-modern linguistic works written in Spanish, Portuguese, English and French, describing among others indigenous languages from North America and Australia, Maya, Quechua, Xhosa, Japanese, Kapampangan, and Visaya. Topics dealt with include: innovations of individual missionaries in lexicography, grammatical analysis, phonology, morphology, or syntax; creativity in descriptive techniques; differences and/or similarities of works from different continents, and different religious backgrounds (Catholic or Protestant).

Vito Perrone invites you on an inspirational journey into Leonard Covello's classic memoir, *The Heart Is the Teacher* (1958). Covello's autobiographical book is one of education's important histories, and Perrone's text reestablishes a crucial connection to that history. During his 45 years as a teacher and principal in the New York City Public Schools, Covello and a group of dedicated teachers, parents, and students created one of the first urban community schools, Benjamin Franklin Community High School in East Harlem, concerned not only with academic programs but with the special needs of immigrant children. By returning to Leonard Covello's work and educational commitments, Perrone calls attention to matters of great urgency in the schools today: the "new" immigrants, intercultural education, advocacy for students and families, a curriculum of place, and the community school. Perrone's reflective essay, reproduced with significant sections of Covello's own text (long unavailable to the public), makes *Teacher with a Heart* a unique account of how one of

today's most respected voices in educational reform has been touched and changed by an extraordinary reformer from the past.
