When Orhan's brilliant and eccentric grandfather, Kemal Türkoglu, who built a dynasty out of making kilim rugs, is found dead, submerged in a vat of dye, Orhan inherits the decades-old business. But Kemal has left the family estate to a stranger thousands of miles away, an aging woman in a retirement home in Los Angeles. Intent on righting this injustice, Orhan unearths a story that, if told, has the power to undo the legacy upon which Orhan's family is built, a story that could unravel his own future. "Breathtaking and expansive . . . Proof that the past can sometimes rewrite the future." —Christina Baker Kline, author of *Orphan Train* "Stunning . . . At turns both subtle and transcendent." —Los Angeles Review of Books "To take the tumultuous history of Turks and Armenians in the early part of this century, and to tell the stories of families and lovers from the small everyday moments of life to the terrible journeys of death, to make a novel so engrossing and keep us awake—that is an accomplishment, and Aline Ohanesian's first novel is such a wonderful accomplishment." —Susan Straight, author of *Highwire Moon* "Rich, tragic, compelling, and realized with deep care and insight." —Elle "A book with a mission, giving a voice to history's silent victims." —The New York Times Book Review "Orhan's *Inheritance* illuminates human nature while portraying a devastating time in history . . . A remarkable debut novel that exhibits an impressive grasp of history as well as narrative intensity and vivid prose." —Minneapolis Star Tribune "A remarkable debut from an important new voice. It tells us things we thought we knew and shows us we had no idea. Beautiful and terrible and, finally, indelible." —Luis Alberto Urrea, author of *Queen of America*

*The Parker Inheritance* Harper Collins

A "startlingly original" novel of "recursive loops through the mind of a woman who is breaking down from not making the art she absolutely must make" (Alexander Chee, *Paris Review*). Alma and her family live close to the land, raising chickens and sheep. While her husband works at a nearby college, she stays home with their young children, cleans, searches for secondhand goods online, and reads books by the women writers she adores. Then, one night, she abruptly leaves it all behind—speeding through the darkness, away from their Vermont homestead, bound for New York. In a series of flashbacks, Alma reveals the circumstances and choices that led to this moment: the joys and claustrophobia of their remote life; her fears and uncertainties about motherhood; the painfully awkward faculty dinners; her feelings of loneliness and failure; and her growing fascination with Celeste, a mysterious ceramicist and self-loving doppelgänger who becomes an obsession for Alma. A fable both blistering and surreal, *The Shame* is a propulsive, funny, and thought-provoking debut about a woman in isolation, whose mind—fueled by capitalism, motherhood, and the search for meaningful art—attempts to betray her. A Harvard Review Favorite Book of 2020, Selected by Miciah Bay Gault

Read the book that's getting conversion therapy banned in Canada Winner of the Independent Book Publisher Award, Finalist for the Randy Shilts Award for Gay Nonfiction and the Saints and Sinners Emerging Writer Award. "Unforgettable... This book is appallingly appropriate in these times." — FOREWORD REVIEWS This resonant and acclaimed memoir recounts the six years that

the author spent in a bizarre form of conversion therapy that attempted to "cure" him of his homosexuality, and the inspiring story of how he cast out shame and reclaimed his life. Kept with other patients in a cult-like home in British Columbia, Canada, Peter Gajdics was under the authority of a dominating, rogue psychiatrist who controlled his patients, in part, by creating and exploiting a false sense of family. Juxtaposed against his parents' tormented past—his mother's incarceration and escape from a communist concentration camp in post-World War II Yugoslavia, and his father's upbringing as an orphan in war-torn Hungary, *The Inheritance of Shame* explores the universal themes of childhood trauma, oppression, and intergenerational pain. "DEEPLY MOVING." — THE ADVOCATE "RAW AND UNFLINCHING" — KIRKUS REVIEWS "A HERO'S JOURNEY IN WHICH ANY READER, GAY OR STRAIGHT, CAN FIND INSPIRATION." — LAMBDA LITERARY FOUNDATION All over the United States and Canada, districts, cities and states are banning conversion, ex-gay and reparative therapies. A powerful example of "healing through memoir," this book offers the most complete and compelling reason for those bans to date. A groundbreaking memoir, *The Inheritance of Shame* offers insights into overcoming all kinds of shame, especially that which has trickled down from previous generations, and into the complicated but all-too-worthwhile process of forgiveness.

In *The Inheritance of Exile*, Susan Muaddi Darraj expertly weaves a tapestry of the events and struggles in the lives of four Arab-American women. Hanan, Nadia, Reema, and Aliyah search for a meaningful sense of home, caught in the cultural gap that exists between the Middle East and the United States. Daughters of Palestinian immigrants who have settled into the diverse southern section of Philadelphia, the four friends live among Vietnamese, Italians, Irish, and other ethnic groups. Each struggles to reconcile her Arab identity with her American one. Muaddi Darraj adds the perspectives of the girls' mothers, presented in separate stories, which illuminate the often troubled relationship between first and second generations of immigrants. Her suite of finely detailed portraits of arresting characters, told in evocative, vivid language, is sure to intrigue those seeking enjoyment and insight.

\* Winner of the National Book Critics Circle Award \* Silver Medal Society of Illustrators \* \* Named a Best Book of the Year by The New York Times, The Boston Globe, San Francisco Chronicle, NPR, Comics Beat, The Milwaukee Journal-Sentinel, Kirkus Reviews, and Library Journal This "ingenious reckoning with the past" (The New York Times), by award-winning artist Nora Krug investigates the hidden truths of her family's wartime history in Nazi Germany. Nora Krug was born decades after the fall of the Nazi regime, but the Second World War cast a long shadow over her childhood and youth in the city of Karlsruhe, Germany. Yet she knew little about her own family's involvement; though all four grandparents lived through the war, they never spoke of it. After twelve years in the US, Krug realizes that living abroad has only intensified her need to ask the questions she didn't dare to as a child. Returning to Germany, she visits archives, conducts research, and interviews family members, uncovering in the process the stories of her maternal grandfather, a driving teacher in Karlsruhe during the war, and her father's brother Franz-Karl, who died as a teenage SS soldier. In this extraordinary quest, "Krug erases the boundaries between comics, scrapbooking, and collage as she

endeavors to make sense of 20th-century history, the Holocaust, her German heritage, and her family's place in it all" (The Boston Globe). A highly inventive, "thoughtful, engrossing" (Minneapolis Star-Tribune) graphic memoir, *Belonging* "packs the power of Alison Bechdel's *Fun Home* and David Small's *Stitches*" (NPR.org). *The Flood Girls* Algonquin Books

Set in Singapore between the early 1970's and 1990's, *Inheritance* follows the fissures that develop after the disappearance of teenage Amrit. Although her absence is brief, Amrit returns as a different person. As traditional Punjabis, the family struggles to cope with who Amrit is - her manic highs and lows, and her attempts to find solutions to a problem she doesn't fully understand. Narain, Amrit's brother and closest ally, also leads a secret life in order to avoid trouble with the government. But, although he knows his father is not proud, he is not ashamed of who he is. As the family awaits a transformation in Amrit, Singapore's political, social and cultural landscape rapidly changes, and while some in the family feel this as a loss, for some of them the future will be brighter - but it's a questions of whether the changes will arrive in time. With the traditional expectations of their country on the one hand, and their own volition on the other, how will this family avoid imploding? *Inheritance* is a universal story of family, identity and belonging.

FINALIST FOR THE GOVERNOR GENERAL'S AWARD FOR NON-FICTION Interrogating our ideas of race through the lens of her own multi-racial identity, critically acclaimed novelist Tessa McWatt turns her eye on herself, her body and this world in a powerful new work of non-fiction. Tessa McWatt has been called Susie Wong, Pocahontas and "black bitch," and has been judged not black enough by people who assume she straightens her hair. Now, through a close examination of her own body--nose, lips, hair, skin, eyes, ass, bones and blood--which holds up a mirror to the way culture reads all bodies, she asks why we persist in thinking in terms of race today when racism is killing us. Her grandmother's family fled southern China for British Guiana after her great uncle was shot in his own dentist's chair during the First Sino-Japanese War. McWatt is made of this woman and more: those who arrived in British Guiana from India as indentured labour and those who were brought from Africa as cargo to work on the sugar plantations; colonists and those whom colonialism displaced. How do you tick a box on a census form or job application when your ancestry is Scottish, English, French, Portuguese, Indian, Amerindian, African and Chinese? How do you finally answer a question first posed to you in grade school: "What are you?" And where do you find a sense of belonging in a supposedly "post-racial" world where shadism, fear of blackness, identity politics and call-out culture vie with each other noisily, relentlessly and still lethally? *Shame on Me* is a personal and powerful exploration of history and identity, colour and desire from a writer who, having been plagued with confusion about her race all her life, has at last found kinship and solidarity in story. **Amazing Disgrace** Mills & Boon

*Inheritance* is a black sensorium, a chapel of color and sound that speaks to spaciousness, surveillance, identity, desire, and transcendence. Influenced by everyday moments of Washington, DC living, the poems live outside of the outside and beyond the language of categorical difference, inviting anyone listening to listen a bit closer. *Inheritance* is about the self's struggle with definition and assumption.

*Orhan's Inheritance* Farrar, Straus and Giroux

A groundbreaking approach to transforming traumatic legacies passed down in families over generations, by an acclaimed expert in the field Depression. Anxiety. Chronic Pain. Phobias. Obsessive thoughts. The evidence is compelling: the roots of these difficulties may not reside in our immediate life experience or in chemical imbalances in our brains—but in the lives of our parents, grandparents, and even great-grandparents. The latest scientific research, now making headlines, supports what many have long intuited—that traumatic experience can be passed down through generations. *It Didn't Start with You* builds on the work of leading experts in post-traumatic stress, including Mount Sinai School of Medicine neuroscientist Rachel Yehuda and psychiatrist Bessel van der Kolk, author of *The Body Keeps the Score*. Even if the person who suffered the original trauma has died, or the story has been forgotten or silenced, memory and feelings can live on. These emotional legacies are often hidden, encoded in everything from gene expression to everyday language, and they play a far greater role in our emotional and physical health than has ever before been understood. As a pioneer in the field of inherited family trauma, Mark Wolynn has worked with individuals and groups on a therapeutic level for over twenty years. *It Didn't Start with You* offers a pragmatic and prescriptive guide to his method, the Core Language Approach. Diagnostic self-inventories provide a way to uncover the fears and anxieties conveyed through everyday words, behaviors, and physical symptoms. Techniques

for developing a genogram or extended family tree create a map of experiences going back through the generations. And visualization, active imagination, and direct dialogue create pathways to reconnection, integration, and reclaiming life and health. *It Didn't Start With You* is a transformative approach to resolving longstanding difficulties that in many cases, traditional therapy, drugs, or other interventions have not had the capacity to touch.

*History, Trauma and Shame* provides an in-depth examination of the sustained dialogue about the past between children of Holocaust survivors and descendants of families whose parents were either directly or indirectly involved in Nazi crimes. Taking an autobiographical narrative perspective, the chapters in the book explore the intersection of history, trauma and shame, and how change and transformation unfolds over time. The analyses of the encounters described in the book provides a close examination of the process of dialogue among members of The Study Group on Intergenerational Consequences of the Holocaust (PAKH), exploring how Holocaust trauma lives in the 'everyday' lives of descendants of survivors. It goes to the heart of the issues at the forefront of contemporary transnational debates about building relationships of trust and reconciliation in societies with a history of genocide and mass political violence. This book will be great interest for academics, researchers and postgraduate students engaged in the study of social psychology, Holocaust or genocide studies, cultural studies, reconciliation studies, historical trauma and peacebuilding. It will also appeal to clinical psychologists, psychiatrists and psychoanalysts, as well as upper-level undergraduate students interested in the above areas.

NEW YORK TIMES BESTSELLER • Tarana Burke and Dr. Brené Brown bring together a dynamic group of Black writers, organizers, artists, academics, and cultural figures to discuss the

topics the two have dedicated their lives to understanding and teaching: vulnerability and shame resilience. Contributions by Kiese Laymon, Imani Perry, Laverne Cox, Jason Reynolds, Austin Channing Brown, and more NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND BOOKRIOT It started as a text between two friends. Tarana Burke, founder of the 'me too.' Movement, texted researcher and writer Brené Brown to see if she was free to jump on a call. Brené assumed that Tarana wanted to talk about wallpaper. They had been trading home decorating inspiration boards in their last text conversation so Brené started scrolling to find her latest Pinterest pictures when the phone rang. But it was immediately clear to Brené that the conversation wasn't going to be about wallpaper. Tarana's hello was serious and she hesitated for a bit before saying, "Brené, you know your work affected me so deeply, but as a Black woman, I've sometimes had to feel like I have to contort myself to fit into some of your words. The core of it rings so true for me, but the application has been harder." Brené replied, "I'm so glad we're talking about this. It makes sense to me. Especially in terms of vulnerability. How do you take the armor off in a country where you're not physically or emotionally safe?" Long pause. "That's why I'm calling," said Tarana. "What do you think about working together on a book about the Black experience with vulnerability and shame resilience?" There was no hesitation. Burke and Brown are the perfect pair to usher in this stark, potent collection of essays on Black shame and healing. Along with the anthology contributors, they create a space to recognize and process the trauma of white supremacy, a space to be vulnerable and affirm the fullness of Black love and Black life.
