GÖTZ VON BERLICHINGEN (Autobiography of a 16th Century German Knight)
Schiffer Military History
The 17th Waffen-SS Panzergrenadier Division "Götz von Berlichingen" was one of the few SS formations to be employed exclusively on the western front during World War II. From the time of its formation in France in 1943, "Götz von Berlichingen" saw bitter and bloody fighting in Normandy, the Seine front, Metz, the Saar, the Palatinate, and later the defense of the west wall until the final battles in

Germany. Despite the overwhelming superiority of Allied forces, the units that comprised the division always managed to offer dogged resistance, counterattacking ferociously, and defending every foot of ground with great courage and determination. The units of "Götz von Berlichingen" received praise, not only from the German high command, but also earned the respect of its Allied adversaries. In addition, the "Götz von Berlichingen" division was never involved in any war crimes, or in crimes against civilians. Detailed operational history, rare combat images, maps,

and personality profiles make this book the definitive history of "Götz von Berlichingen."
GOETZ VON BERLICHINGEN Antelope Hill Originals
Gottfried "Götz" von Berlichingen, the Knight of the Iron Hand, was one of the last great medieval knights of history. Born in the year 1480, Götz came of age in an era of great change, both in his native German lands and the wider world. The Reformation would fundamentally change the landscape of political power in Europe, and the ensuing wars would tear the continent apart. Yet, for a time, Götz' world remained true to its feudal history, and Götz

himself participated in many feuds and conflicts. A good friend and a terrible enemy, Götz recalls how he fought and struggled in the internal politics of Germany, which pitted princes and lords against one another over land, titles, and wealth. He crosses paths (and sometimes swords) with other famous knights, esteemed princes, and, on more than one occasion, with the Holy Roman Emperor himself. Campaigning with the Imperial army abroad in France, Switzerland, and Hungary, he often survived on nothing more than his wits and his prowess in battle. His legacy as a folk hero lived on long after his death, inspiring Johann Wolfgang von Goethe to write a play based on his life, and becoming the namesake of the 17th SS-Panzer Grenadier-Division "Götz von Berlichingen" in the Second World War. Before his death Götz von Berlichingen wrote down his unique story in an autobiographical account of one of Europe's most notable medieval knights. Translated from the original 1567 manuscript, Antelope Hill is proud to present The Autobiography of Sir Götz von Berlichingen,

available for the first time ever to the English reader. Although politics and military technology may have changed since the time of this famous knight, one thing remains the same, that honor, bravery, and loyalty count for much, even for a man of humble beginnings. Ueber Götz Von Berlichingen Waveland Press Inc

Gotz von Berlichingen's autobiography is the first autobiography of a German knight. It was originally published between 1556 and 1562. Gotz was known for the fact that he lost his right hand in battle and had it replaced by an iron prosthesis which was so cleverly crafted that he could still use his sword with it. He is also well-known for his famous quote made to one of his enemies, "Lick (kiss) my ass." This work discusses his many feuds and battles, his participation in the peasant's war, and an invasion of France. This is the only English translation of this work. [Goethe's Gotz Von Berlichingen - Scholar's Choice Edition](#) Legare Street Press

Excerpt from Goetz Von Berlichingen With the Iron Hand: A Drama in Five Acts There were, however, a few of the nobles who kept aloof from all leagues; who, being strong enough to defend their own castles and possessions, would not unite themselves with any association which required them to relinquish their Individual independence, or acknowledge another superior beside the Emperor; They therefore made enemies of both parties. The higher nobility considered their independence a mere pretence to conceal their connexion with the free booting barons; while these, on the other hand, viewed their Opposition to their League as an Open declaration of hostility, and assaulted and pillaged them whenever an opportunity presented itself. Throughout his long, hectic and astonishingly varied life, Johann Wolfgang von Goethe (1749-1832) would jot down his passing thoughts on theatre programmes, visiting cards, draft manuscripts and even bills ... Goethe was probably the last true 'Renaissance Man'.

Although employed as a Privy Councillor at the Duke of Weimar's court, where he helped oversee major mining, road-building and irrigation projects, he also painted, directed plays, carried out research in anatomy, botany and optics - and still found time to produce masterpieces in every literary genre. His fourteen hundred Maxims

and Reflections reveal some of his deepest thought on art, ethics, literature and natural science, but also his immediate reactions to books, chance encounters or his administrative work. Although variable in quality, the vast majority have a freshness and immediacy which vividly conjure up Goethe the man. They make an ideal introduction to one of the greatest of European writers.

Combat History of Sturmpanzer-Abteilung

217 Editions Heimdal
 Gotz von Berlichingen is a successful 1773 drama by Johann Wolfgang von Goethe, based on the memoirs of the historical adventurer-poet Gottfried or Gotz von Berlichingen (c. 1480-1562). It first appeared in English in 1799 as Goetz of Berlichingen of the Iron Hand in a rather free version by Walter Scott. Goethe's plot treats events freely: while the historical Gotz died an octogenarian, Goethe's hero is a free spirit, a maverick, intended to be a pillar of national integrity against a deceitful and over-refined society, and the way in which he tragically succumbs to the abstract concepts of law and

justice shows the submission of the individual in that society. Gotz von Berlichingen was one of Goethe's early successes but its large cast size, frequent quick scene changes, and long running time caused the original version to eventually fall out of favour. The play has been re-arranged and cut many times, including two versions by Goethe that were published posthumously. In 1978 Wolfgang Liebeneiner directed Raimund Harmstorf in a film version, Gotz von Berlichingen mit der eisernen Hand.

 This second volume deals with the history of the division as it withdraws towards the East of France after the battle of Normandy until the final climactic battles in

Germany, in April and May 1945. The 'GVB' were involved in the battle for Lorraine, the 'Nordwind' operation, the defense of the Westwall until its final withdrawal towards BadTölz in Germany. As in the first volume, most of the illustrations, documents and objects are original and previously unpublished. Moreover, the history of the 'GVB' is enlighten by many war veterans testimonies through the various chapters of this last volume. This book is published with English, French and German text. *Goetz von Berlichingen. Iphigenia in Tauris. Torquato Tasso. Clavigo. Stella. The brother and sister. A tale. The good women. Iron Hand

This is the 2nd, revised, edition of the English translation of the autobiography of the German 16th century knight, Gotz von Berlichingen. It is his account of his adult life, his battles, his feuds, and, in general, the life of men of his station in life in the 16th century. This edition varies from the 1st edition by the addition of details and illustrations of the famous iron hand.

Combat History of the 17. SS-Panzer-Grenadier-Division "Götz Von Berlichingen"

-When his sword hand was struck off, his legend

began- Based on the true life of the Baron Goetz von Berlichingen the Iron Hand, the most infamous Imperial knight of the Holy Roman Empire, who marauded through 16th-century Reformation Germany with a prosthetic iron hand. Schoental Abbey, Franconia, 1562. At the end of his long life, a dying Baron Goetz von Berlichingen the Iron Hand travels to his ancestral tomb to seek absolution for his sins. Before he can be buried in his family crypt, the sins of his life must be confessed. Enlisting the services of a Cistercian monk in order to record a narrative of his life as a robber-knight, and hopeful that his confession will not only prove his piety, but will

lead to his soul's redemption- what follows is an epic that spans the entire life of the outlaw knight. The confessional journey they take together may lead to redemption- or condemnation- for both of their souls. „Tom Krupp bietet mit seinem Roman eine zeitgemäße literarische Verarbeitung der schon seit Jahrhunderten die Gemüter bewegenden Biographie Götz von Berlichingens, wenn ich recht sehe, die allererste überhaupt, die jenseits des Atlantiks entstanden ist.“ -Dr. Prof. Kurt Andermann, Albert-Ludwigs-Universität Freiburg im Breisgau
