The Forest Queen One World

A biologist reveals the secret world hidden in a single square meter of old-growth forest—a finalist for the Pulitzer Prize and the Pen/E.O. Wilson Literary Science Writing Award Combining elegant writing with scientific expertise, *The Forest Unseen* "injects much-needed vibrancy into the stuffy world of nature writing" (Outside, "The Outdoor Books That Shaped the Last Decade") In this wholly original book, biologist David Haskell uses a one- square-meter patch of old-growth Tennessee forest as a window onto the entire natural world. Visiting it almost daily for one year to trace nature's path through the seasons, he brings the forest and its inhabitants to vivid life. Each of this book's short chapters begins with a simple observation: a salamander scuttling across the leaf litter; the first blossom of spring wildflowers. From these, Haskell spins a brilliant web of biology and ecology, explaining the science that binds together the tiniest microbes and the largest mammals and describing the ecosystems that have cycled for thousands- sometimes millions-of years. Each visit to the forest presents a nature story in miniature as Haskell elegantly teases out the intricate relationships that order the creatures and plants that call it home. Written with remarkable grace and empathy, *The Forest Unseen* is a grand tour of nature in all its profundity. Haskell is a perfect guide into the world that exists beneath our feet and beyond our backyards.

The Forest Simon and Schuster

This “powerful” (BuzzFeed) award-winning debut about love, grief, and family welcomes you into its pages and invites you to linger, staying with you long after you’ve closed its covers. “Quietly moving . . . connected by a kind of dream logic . . . deeply felt . . . There is joy and tenderness in . . . Fung’s elegant storytelling.”—The New York Times Book Review How do you grieve, if your family doesn’t talk about feelings? This is the question the unnamed protagonist of *GhostForest* considers after her father dies. One of the many Hong Kong “astronaut” fathers, he stays there to work, while the rest of the family immigrated to Canada before the 1997 Handover, when the British returned sovereignty over Hong Kong to China. As she revisits memories of her father through the years, she struggles with unresolved questions and misunderstandings. Turning to her mother and

grandmother for answers, she discovers her own life refracted brightly in theirs. Buoyant and heartbreaking, *Ghost Forest* is a slim novel that envelops the reader in joy and sorrow. Fung writes with a poetic and haunting voice, layering detail and abstraction, weaving memory and oral history to paint a moving portrait of a Chinese-Canadian astronaut family. “*Ghost Forest* is the tender/funny book we can all appreciate after a hellish year.”—Literary Hub

The Word for World is Forest Harlequin

Born into slavery, Bass Reeves became the most successful US Marshal of the Wild West. Many "heroic lawmen" of the Wild West, familiar to us through television and film, were actually violent scoundrels and outlaws themselves. True to the mythical code of the West, he never drew his gun first. He brought hundreds of fugitives to justice, was shot at countless times, and never hit. Bass Reeves was a black man, born into slavery. And though the laws of his country enslaved him and his mother, when he became a free man he served the law, with such courage and honor that he became a legend.

The Trees Harlequin

THE INSTANT NEW YORK TIMES BESTSELLER! Also on the USA Today, Washington Post, Boston Globe, Globe and Mail, Publishers Weekly, and Indie bestseller lists. One of the most important stories of World War II, already optioned by Steven Spielberg for a major motion picture: a spectacular, searing history that brings to light the extraordinary accomplishments of brave Jewish women who became resistance fighters—a group of unknown heroes whose exploits have never been chronicled in full, until now. Witnesses to the brutal murder of their families and neighbors and the violent destruction of their communities, a cadre of Jewish women in Poland—some still in their teens—helped transform the Jewish youth groups into resistance cells to fight the Nazis. With courage, guile, and nerves of steel, these “ghetto girls” paid off Gestapo guards, hid revolvers in loaves of bread and jars of marmalade, and helped build systems of underground bunkers. They flirted with German soldiers, bribed them with wine, whiskey, and home cooking, used their Aryan looks to seduce them, and shot and killed them. They bombed German train lines and blew up a town’s water supply. They also nursed the sick, taught children, and hid families. Yet the exploits of these courageous resistance fighters have remained virtually unknown. As propulsive and thrilling as *Hidden Figures*, *In the Garden of Beasts*, and *Band of Brothers*, *The Light of Days* at last tells the true story of these incredible women whose courageous yet little-known feats have been

eclipsed by time. Judy Batalion—the granddaughter of Polish Holocaust survivors—takes us back to 1939 and introduces us to Renia Kukielka, a weapons smuggler and messenger who risked death traveling across occupied Poland on foot and by train. Joining Renia are other women who served as couriers, armed fighters, intelligence agents, and saboteurs, all who put their lives in mortal danger to carry out their missions. Batalion follows these women through the savage destruction of the ghettos, arrest and internment in Gestapo prisons and concentration camps, and for a lucky few—like Renia, who orchestrated her own audacious escape from a brutal Nazi jail—into the late 20th century and beyond. Powerful and inspiring, featuring twenty black-and-white photographs, *The Light of Days* is an unforgettable true tale of war, the fight for freedom, exceptional bravery, female friendship, and survival in the face of staggering odds. The Endless Forest Forge Books

NATIONAL BESTSELLER • "Rutherford brings England's New Forest to life" (The Seattle Times) in

this companion to the critically acclaimed *Sarum* From the time of the Norman Conquest to the present day, the New Forest, along England's southern coast, has remained an almost mythical place. It is here that Saxon and Norman kings rode forth with their hunting parties, and where William the Conqueror's son Rufus was mysteriously killed. The mighty oaks of the forest were used to build the ships for Admiral Nelson's navy, and the fishermen who lived in Christchurch and Lymington helped Sir Francis Drake fight off the Spanish Armada. The New Forest is the perfect backdrop for the families who people this epic story. The feuds, wars, loyalties, and passions of many hundreds of years reach their climax in a crime that shatters the decorous society of Bath in the days of Jane Austen, whose family lived on the edge of the Forest. Edward Rutherford is a master storyteller whose sense of place and character—both fictional and historical—is at its most vibrant in *The Forest*. "As entertaining as *Sarum* and Rutherford's other sweeping novel of British history, *London*."—The Boston Globe
