Conor McGregor's trainer tells the amazing story of his long road to success in the world's fastest-growing sport Growing up in Dublin, John Kavanagh was a skinny lad who was frequently bullied. As a young man, after suffering a bad beating when he intervened to help a woman who was being attacked, he decided he had to learn to defend himself. Before long, he was training fighters in a tiny shed, and promoting the earliest mixed-martial arts events in Ireland. And then, a cocky kid called Conor McGregor walked into his gym ... In Win or Learn, John Kavanagh tells his own remarkable life story - which is at the heart of the story of the extraordinary explosion of MMA in Ireland and globally. Employing the motto 'win or learn', Kavanagh has become a guru to young men and women seeking to master the arts of combat. And as the trainer of the world's most charismatic champion, his gym has become a magnet for talented fighters from all over the globe.

Kavanagh's portrait of Conor McGregor - who he has seen in his lowest moments, as well as in his greatest triumphs - is a revelation. What emerges from Win or Learn is a remarkable portrait of ambition, discipline, and persistence in the face of years and years of disappointment. It is a must read for every MMA fan - but also for anyone who wants to understand how to follow a dream and realize a vision. 'For anyone interested in following their dream to the end of the line' Tony Parsons 'It kept me up well past my bedtime' Sean O'Rourke, RTE Radio One 'Remarkable' Irish Times 'Kavanagh is open and honest about his upbringing ... and philosophical mediation on why we are drawn to fight each other for sport, what happens to our bodies and brains when we do, and what it all means Anyone with guts or madness in him can get hit by someone who knows how; it takes a different kind of madness, a more persistent kind, to stick around long enough to be one of the people who does the knowing. Josh Rosenblatt was thirty-three years old when he first realized he wanted to fight. A lifelong pacifist with a philosopher's hatred of violence and a dandy's aversion to exercise, he drank to excess, smoked passionately, ate indifferently, and mocked physical activity that didn't involve nudity. But deep down inside there was always some part of him that was attracted to the idea of fighting. So, after studying Muay Thai, Krav Maga, Brazilian jiu-jitsu, and boxing, he decided, at age forty, that it was finally time to fight his first—and only—mixed martial arts match: all in the name of experience and transcending ancient fears. An insightful and moving rumination on the nature of fighting, *Why We Fight* takes us on his journey from the bleachers to the ring. Using his own training as an opportunity to understand how the sport illuminates basic human impulses, Rosenblatt weaves together cultural history, criticism, biology, and anthropology to understand what happens to the human body and mind when under attack, and to explore why he, a self-described "cowardly boy from the suburbs," discovered so much meaning in putting his body, and others', at risk. From the psychology of fear to the physiology of pain, from Ukrainian shtetls to Brooklyn boxing gyms, from Lord Byron to George Plimpton, *Why We Fight* is a fierce inquiry into the abiding appeal of our most conflicted and controversial fixation, interwoven with a firsthand account of what happens when a mild-mannered intellectual decides to step into the ring for his first real showdown.

A UFC champion and a boy with leukemia, in the fight of their lives. Cody Garbrandt

dreamed of being a UFC champion. In his darkest moments, when those dreams were dashed, he dug deep with the help of an unlikely friend—five-year-old Maddux Maple, a local hometown fan with leukemia. They made a pact: Cody would be in the UFC and win the championship, and Maddux would beat cancer. Read their moving story in Cody's new book, *The Pact*, and go behind the scenes into Cody's training and how he made his dreams come true. Cody Garbrandt grew up in a rough town in the Central Appalachian region of Ohio, surrounded by a longstanding culture of fighting—and drugs. Raised in this environment by a single mom (his dad left him at the young age of three to reside in the Ohio State Penitentiary), Cody grew up fighting, and he grew up wild. His future seemed predestined to end in the coal mines, or in prison. Thankfully, Cody had visions of something more. His American Dream? Mixed Martial Arts. But a path to success wasn't clear. He spent as much time fighting in the streets as he did in the gym—one bad decision away from losing everything. Then, at age 20, Cody's brother introduced him to five-year old Maddux Maple. Maddux was deathly ill with leukemia, his survival by no means assured. A unique friendship developed as they made a promise to each other: Maddux would beat cancer, and Cody would make it to the UFC and become world champion. Through five long years of pain and hardship, they both persevered; Cody, through the agony and sacrifices of fighting his way to the top, and Maddux through the horrors of chemotherapy. They loved and supported each other. They served as each other's inspiration. And in December 2016, they made good on their pact: Cody won his UFC Championship belt, which he promptly presented to Maddux—the boy who had beaten cancer into remission.

For fans of Ronda Rousey's *My Fight Your Fight* and John Kavanagh's *Win or Learn* comes the first book from UFC fighter and now analyst Dan Hardy, who lifts the lid on his own career and writes with insight and eloquence on all things MMA and UFC, the brutal and ever-evolving sport that launched such superstars as Conor McGregor, Michael Bisping, Georges St-Pierre, Nate Diaz and Amanda Nunes. Dan Hardy's first book is much more than a straightforward MMA autobiography. Taking the key fights from his career, Hardy explores the sport with the unparalleled insight that has made him the best analyst working today. From training in China with Shaolin monks, to how MMA helped him channel his rage, to psychedelics and the ceremony in Peru that changed his life, to tapping into his 'reptilian brain' and the psychological warfare of UFC, to his epic title fight with Georges St-Pierre. Hardy also speaks eloquently of the heart condition that forced him to stop fighting, the road to recovery, and the evolution of a sport that flies in the face of mainstream disapproval to entertain and thrill millions of obsessives around the globe.

An intimate profile of the legendary mixed martial arts (MMA) referee, this first full-length autobiography of pop culture icon "Big" John McCarthy details every aspect of his life—from his strong-handed Los Angeles upbringing to his involvement in

the naming of the sport, his role in its regulation, and MMA's rise in stature. The narrative follows "Big" John through his 22-year career as a Los Angeles police officer, where he taught recruits arrest and control procedures as well as survival tactics, then his 15-year career as MMA's premier official in the chain-linked cage. A fixture of the sport, "Big" John started refereeing at UFC 2 in 1994 when MMA was in its infancy and went on to officiate at every major UFC event but two until 2007. Following a one-year hiatus as a color commentator and on-camera analyst for MMA and boxing events, he returned to MMA refereeing in 2008. In his own words, "Big" John relates his insider's perspective from the midst of many of the sport's greatest moments—from Tito Ortiz-Ken Shamrock I at UFC 40 in 2002 to Randy Couture-Tim Sylvia at UFC 68 in March of 2007—along with his account of the birth of the sport in America, its evolution, and MMA's ongoing struggles for acceptance. *How to Elevate Your Life to the Next Level* Headline

insightful memoir that weaves together the story of Gracie's stunning career with the larger history of the Gracie family dynasty and the founding of the Ultimate Fighting Championship, showing how the connection between mind and body can be harnessed for success both inside and outside the ring. Undefeated from the late 1970s through his final fight in the Tokyo Dome in 2000, Rickson Gracie amassed hundreds of victories in the street, on the mat, at the beach, and in the ring. He has joined the pantheon that includes Bruce Lee, Chuck Norris, and Jackie Chan as one of the most famous martial artists of the twentieth century. Jiu-Jitsu, the fighting style developed and pioneered by his family, has become one of the world's most prominent martial arts, and Vale Tudo, the "anything goes" style of Brazilian street fighting over which the Gracies had a monopoly, was an early precursor to the Ultimate Fighting Championship. Simply put, without the Gracie family, there would be no sport of "MMA," no 4-billion-dollar UFC empire, and no "Brazilian Jiu-Jitsu" at strip malls all across America. In *Breathe*, for the first time, Rickson reveals the full story of how his father and uncles came to develop Jiu-Jitsu, what it was like to grow up among several generations of world-renowned fighters from the Gracie clan, and the principles and skills that guided him to his undefeated record. From learning to assert himself on the streets of Rio to gaining fame and honor in Japan and emerging through heartbreaking tragedy, the martial arts master shares tales of overcoming challenges, extolling universal virtues and showing readers how pride and ego are the enemies of success. With never-before-seen photos and profound insights into the sport and way of life that only a studied legend can provide, *Breathe* is an entertaining and magnified view of an enduring legacy as well as an inspiring tale of weathering life's complexities and overcoming them with style and grace.

An intimate, human and philosophical look at the life of the UFC world champion—his journey from years of bullying to the very top of the world of mixed martial arts. As the world's most popular UFC fighter, Georges "Rush" St-Pierre seems almost impossibly tough and dominant. But long before he was "GSP," as his millions of

fans know him, he was just a kid harassed by bullies. But he was also a kid who, thanks to years of practicing martial arts, invented his own way of life. He became a black belt in karate at the age of 12. In his later teens, working as a garbage collector to finance his unique and innovative training methods, GSP learned from repeated losses and ultimately found a way to triumph in a highly competitive field. Along the way, he discovered a simple truth: never stop reaching for your goal. With startling honesty, GSP relates the true story of growing up in the martial arts and discovering that his passion for learning and constant improvement makes him happy. By way of fighting, he's discovered how to succeed; by way of injury, how to maintain perspective on that success. This book highlights the lessons that brought him there, the unique system he invented to combine various forms of fighting arts, and the key people who helped make him world champion.
