Puppy Dogs' Tales and Stories of Other Animal Friends Simon and Schuster

It is rare indeed when a writer's original stories are regarded as masterpieces on a par with the great folkloristic fairy tales which have been handed down through the ages. However, Howard Pyle's absorbing tales have for generations

enjoyed such overwhelming popularity with boys and girls that they have earned this unique distinction. This collection includes 24 of his most entertaining and imaginative works In The Wonder Clock you will find a fairy tale for each hour of the day – 24 in all. A short verse introduces each fairy tale. In addition, you will also find the stories embellished by 122 full page pen and ink illustrations which will keep children and adults engaged for hours. Also known as Four-and-Twenty Marvellous Tales were written by Howard Pyle and illustrated by his sister Katharine Pyle, an author and illustrator in her own right, penned and added the 24 poems which can be found at the start of every hour of the day. We do suggest reading a tale-a-day at bedtime. Maybe you can stretch some of

 "This is the first full-length study of South African English youth literature to cover the entire period of its publication, from the late nineteenth century to the early twenty-first century. What gives this book particular strength is its coverage of literature up to the 1960s, which has until now received almost no scholarly attention. Not only is this earlier literature a rewarding subject for study in itself, but it also throws light on subsequent literary developments. Jenkins also makes comparisons with American, Canadian and Australian

children's literature. This book is essential reading for anyone seeking to understand children's literature in the context of adult South African literature and South African cultural history."--

This carefully edited collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Arthur Morrison (1863-1945) was an English author known for his detective stories, featuring the detective Martin Hewitt, realistic, lower class answer to Sherlock Holmes. Martin Hewitt stories are similar in style to those of Conan Doyle, cleverly plotted and very amusing, while the character himself is a bit less arrogant

and a bit more charming than Holmes. Morrison is also known for his realistic novels and stories about working-class life in London's East End, A Child of the Jago being the best known. Table of Contents: Martin Hewitt Series: Martin Hewitt, Investigator The Lenton Croft Robberies The Loss of Sammy Crockett The Case of Mr. Foggatt The Case of the Dixon Torpedo The Quinton Jewel Affair The Stanway Cameo Mystery The Affair of the Tortoise Chronicles of Martin Hewitt The Ivy Cottage Mystery The Nicobar Bullion Case The Holford Will Case The Case of the Missing Hand The Case of Laker, Absconded The Case of the Lost Foreigner Adventures of Martin Hewitt The Affair of Mrs. Seton's Child The Case of Mr. Geldard's Elopement The Case of the Dead Skipper The Case

founder of the Brat Pack at twenty, and one of Hollywood's top stars to this day, Rob Lowe chronicles his experiences as a painfully misunderstood child actor in Ohio uprooted to the wild counterculture of mid-seventies Malibu, where he embarked on his unrelenting pursuit of a career in Hollywood. The Outsiders placed Lowe at the birth of the modern youth movement in the entertainment industry. During his time on *The West Wing*, he witnessed the surreal nexus of show business and politics both on the set and in the actual White House. And in between are deft and humorous stories of the wild excesses that marked the eighties, leading to his quest for family and sobriety. Never mean-spirited or salacious, Lowe delivers unexpected glimpses into his successes,

disappointments, relationships, and one-of-a-kind encounters with people who shaped our world over the last twenty-five years. Rob Lowe's New York Times bestselling autobiography, *Stories I Only Tell My Friends*, shares tales that are as entertaining as they are unforgettable.

In parts a whimsical and entertaining story, in others an informative guide by a knowledgeable and much-respected professional in his field, this highly readable portrayal of Alan Mills' life and

adventures is told in an appealing tone, rooted in the history of the times and places where he has practised his craft. A son of Southern Africa, the author has enjoyed a privileged life of good fortune. He has worked in Rhodesia (now Zimbabwe), England, South Africa, Australia and Ireland. Pathology has been his life. It was how he earned a living, and in retirement has become his hobby. In his autobiography he shares the highs and lows of his own long and interesting career in pathology, in addition to a well-researched guide to medical history. A framework of great medical advances is linked to Nobel Laureates, with comments on their lives. The role of the pathologist in medical research is stressed. The author has traced the evolution of human beings,

from earliest life forms through our ancestral 'African Eve' in East Africa to the present day. This development is coupled with genetic information relating to such things as oncogenes and how they relate to cancer, and other diseases. This enlightening book has an easy, chatty style, and is not without humour and a little poetry.
