The text and images in

this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong

foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and

promote comprehension over rote memorization. *Financial Accounting, 2nd Ed* McGraw-Hill Education David Spiceland, Wayne Thomas and Don Herrmann have developed a unique text based on over 50 collective years of experience in the classroom. They've brought together best practices like highlighting Common Mistakes, offering frequent Let's Review exercises, integrating the course with a running Continuing Problem, demonstrating the relevance of the

course to non-majors with a Career Corner, and communicating it all in a student-friendly Conversational Writing Style. The new 2nd edition of Financial Accounting, Spiceland, Thomas, Herrmann, has been developed with feedback from over 330 reviewers and focus group participants from across the country. The following list of changes and improvements is a testament to the many hours that reviewers spent analyzing the 1st edition, helping make

Financial Accounting, 2nd edition, the best book of its kind.

An audience-centered approach to public speaking Public Speaking: An Audience-Centered Approach brings theory and practice together. Its distinctive and popular approach emphasizes the importance of analyzing and considering the audience at every point in the speech making process. This model of

public speaking is the foundation of the text, and it guides students through the step-by-step process of public speaking, focusing their attention on the dynamics of diverse audiences, and narrowing the gap between the classroom and the real world.

MyCommunicationLab is an integral part of the Beebe/Beebe program. MyCommunicationLab is an integral part of the Beebe/Beebe program. With extensive opportunities for the application of course

content, MyCommunicationLab helps students become better speakers and master key public speaking concepts. Interactive videos provide students with the opportunity to watch and evaluate sample speeches. Online self-assessments and pre- and post-tests help students assess their comfort level with public speaking and their knowledge of the material. MediaShare allows students to post speeches and share them with classmates and

instructors. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for

Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson

carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Prentice Hall Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that

engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. Note: You are purchasing a standalone product; MyAccountingLab does not come packaged with

this content. Students, if interested in purchasing this title with MyManagementLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. The following list of changes and improvements is a testament to the many hours that reviewers spent analyzing the 1st edition, helping make Financial Accounting, 2nd

edition, the best book of its kind.

Fundamental Managerial Accounting Concepts

Irwin/McGraw-Hill

Utilizing the first thirteen chapters of Wild's best-selling, Financial and Managerial Accounting text, Financial Accounting Fundamentals responds to the market's request for a low-cost, succinct book; a book that balances large and small businesses, and one that is contemporary, engaging, and accessible for today's students. Its innovation is reflected in its extensive use of small

business examples, the integration of new technology learning tools, superior end-of-chapter material, and a highly engaging, pedagogical design.

Intermediate Accounting

McGraw-Hill Ryerson
There's no mystery to understanding company financial statements. Even if you have no financial or accounting background, you can read those intimidating-looking

financial statements as easily as A-B-C. The second edition of The Guide to Understanding Financial Statements, by S.B. Costales and Geza Szurovy, makes all the numbers and jargon absolutely clear. In seconds you'll spot a company's strengths and weaknesses, see how its performance measures up, and have a solid basis for judging future prospects. The material is so easy to grasp, you'll know it all on first reading. Discover: what a balance sheet really

reveals; the true significance of a profit and loss statement; what the six most important financial ratios are, and what each can tell you; how to tell when the numbers are favorable or not; how to spot fraud; how to discover whether the stated value of certain assets is true; much more.

Barrons Test Prep Material that is now out of print. *Intermediate Accounting* McGraw-Hill Education "Fundamental Managerial Accounting Concepts" 4e by Edmonds/Edmonds/Tsay/Olds focuses on concepts that are isolated and introduced in a logical sequence. The authors intentionally limit the scope of the material to help students build a solid foundation of the most important concepts in managerial accounting. "Fundamental Managerial Accounting Concepts" 4e

is organized in a distinctive way, particularly in the first six chapters. The objective is to establish a coherent, integrative framework that enables students to build knowledge in stepwise fashion. The authors' goal is for students to understand the underlying principles of accounting, not just memorize content. Financial Accounting Fundamentals McGraw-Hill Education Don't you love those moments in your course when students are fully

engaged? When the Aha! revelations are bursting like fireworks? The Financial Accounting author team has developed a concise and well-organised learning framework to show students that accounting consists of three major processes: measuring, communicating, and decision-making. By consistently tying each lesson into this framework, instructors can significantly improve student engagement and outcomes. For the fifth edition, the authors have

retained popular digital features such as General Ledger Problems, Excel Simulations, and algorithmic end-of-chapter questions, while also including new content based on skills today's students need. New features in the fifth edition include Applying Excel problems, enhancing decision maker's content by developing auto-graded cases, and expanding video content with new Concept Overview Videos. Building on the success of the first four editions of

Financial Accounting, this new edition will motivate, engage, and challenge students. Paired with the market-leading power of the Connect platform, Spiceland, Thomas, Herrmann, Financial Accounting will truly illuminate the financial accounting course for each student.

Intermediate Accounting Cengage Learning
Financial Reporting & Analysis (FR&A) by Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of

financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and-most importantly understand how and why managers can utilize the flexibility in

GAAP to manipulate the numbers for their own purposes.
