Life is Strange #7 Titan Comics

Wuthering Heights is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially

about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500 and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here "the house" pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

Doctor Strange by Donny Cates Vol. 2 Titan Comics

"A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

With Max's help, Tristan was able to use his powers to phase through the Transect and find Chloe in the original timeline. However, he was exhausted and struggled to use his powers again. Chloe, full of renewed hope, told him not to be so hard on himself. In a rare moment of privacy, Rachel confronted Max about her relationship with her Chloe, which Max had kept secret. Rachel apologized to Max for feeling like she had to hide it, and that Max made her and Chloe better people. In the new timeline, Chloe, Max, and Rachel arrived at Tombstone - a Western re-enactment town in El Paso - dressed as Captain Bluebeard and her crew. The trio were unaware that - in the other timeline - Chloe, Tristan and the High Seas had also arrived in Tombstone. However, rather than dress up in their own pirate outfits, they rented cowboy costumes instead. As Chloe admired herself in the costume-shop mirror, she was taken by surprise when her reflection became a window into the alternate timeline! Chloe ran into Victoria, who was playing the role of Ophelia in her timeline's production of Hamlet. The two caught up over a coffee and Victoria seemed to have left her Queen Bee and Blackwell Academy days behind her. Meanwhile, across the timelines, a water gun fight broke out in the streets of Tombstone and it was everyone for themselves! As Max lived a brand-new pirate adventure, she felt closer to Chloe, and to her home, than ever.

After her attempt to return to her own timeline failed, Max set out with Chloe and Rachel to follow their friends, the band The High Seas, on their cross-country tour to a festival in Florida. Also traveling across the country are Rachel's fellow cast members in Hamlet - also bound for Florida.

When they bumped into Max, Chloe and Rachel on the Grand Canyon trail, they took a Team Hamlet photo, but Laurence fell off the cliff! In one timeline, Max used her power to save him, in the other Chloe and the High Seas found him alone on the edge - the rest of the cast having gone for help. After bringing Lawrence back to the motel, Chloe confronted Tristan, who had travelled across timelines to find her. Tristan told Chloe everything, and the pair began planning how to bring Max home. After a long day, Max was kept awake, wondering if she was on the right path. Chloe apologized to Max for pulling her back out of the transect, because she wasn't ready to lose her. Max told that it was okay: if there's one thing she can trust in any timeline, it's Chloe Price.
