SAQs, MCQs, EMQs and OSCEs for  
MRCOG Part 2, Second edition JP Medical  
Ltd

MCQs for ENT: Specialist Revision Guide for the FRCS is a key resource for candidates preparing to sit the FRCS (ORL-HNS). It contains over 300 single best answer questions and over 70 extended matching questions to help candidates prepare for all aspects of ENT they may face in this challenging exam. Written by expert consultants who have succeeded in the exam, this resource provides comprehensive coverage of theory and practice, including new questions on challenging topics such as electroneurography and voice clinic procedures, and questions on rare topics such as oropharyngeal cancers. All answers have full explanations, providing candidates with high-quality self-assessment in order to maximize exam success. Providing a thorough assessment of the reader's ENT knowledge, this is an essential revision book for any candidate facing the FRCS ORL-HNS exam.

1,000 Practice MTF MCQs for the Primary

and Final FRCA tfm Publishing Limited

This new e-book presents a selection of over 200 self-assessment questions in EMQ, MCQ and SBA format from the trainee journal Obstetrics, Gynaecology and Reproductive Medicine, mapped by module to the MRCOG Part 2 exam.

These questions are designed to test and apply the knowledge essential for candidates to pass MRCOG Part 2. They are also ideal for life-long learning, CPD and, indeed, preparation for all post-graduate exams in obstetrics (not just MRCOG), including especially the new EBCOG exam in Europe and local college exams in India, the Middle East and Africa.

Review of Obesity and Bariatric Surgery  
CRC Press

Stone's Plastic Surgery Facts 4e provides a complete revision tool for the FRCS exit examination in plastic surgery. Written in the form of notes and lists, the full range of plastic surgery topics is covered as follows, wound care, burns, head & neck, cleft lip and palate and craniofacial anomalies, breast, hand and upper limb, lower limb, skin and soft tissue tumours, genitourinary and trunk, aesthetic and general plastic surgery. Updated article summaries and a review section in each chapter highlight important points and explain common

misconceptions. A vital resource for the surgical trainee.

*Breast Cancer Management for Surgeons*  
Oxford University Press

A single, comprehensive text covering all the MCQs required to prepare for both the Primary and Final FRCA exams.

*Essentials of Plastic Surgery* Oxford University Press

Preparing to Pass the FRCA: Strategies for Exam Success equips you with the skills of effective revision and time management to maximise your success. The book takes each element of the FRCA exam and provides tips and techniques on how to approach the different types of questions, and includes worked examples with answers, so that you can undertake your revision accordingly. It will help you to target your revision so you can cover the breadth of topics in the FRCA syllabus and ensure that you structure your revision in an efficient way, as well as helping you to approach the exam and convey your knowledge through writing or speech correctly. Taking many common problems candidates face when preparing for this exam, the book covers motivation, effective studying, managing nerves, and scheduling time to study amongst other commitments.

Atlas of Paediatric Surgery with Mcqs in Paediatric Surgery Oxford University Press

This book is the unique book with combination of colour atlas of Paediatric surgery and MCQs in Paediatric surgery. In Colour Atlas patient's photos, X-rays, CT scan and MRI can be seen. Among patient's photos there are pre-operative and per-operative photos, as well as photos of complications. My other book "MCQs in Paediatric surgery" also has been merged in this book. This MCQs book is unique in sense, that it provides

lot of specific paediatric surgical knowledge directly in MCQs with short and to the point explanations. Atlas gives classical features of disease in images that helps in spot diagnosis of disease. Little explanation about the image is given at side. Nearly all the paediatric surgical cases are gathered at one place. In most of the clinical examination discussion starts from apparent finding, in this regards, this atlas greatly helps in spot diagnosis of the cases. MCQs help in passing theoretical examination. This book is beneficial for all paediatric Surgery examination, general surgical examination to cover portion of pediatric surgery and pediatric medicine examination to cover differential diagnosis of surgical conditions. This Atlas also gives an idea to general practitioner about clinical spot diagnosis of paediatric surgical cases and medical students about awareness of paediatric surgical conditions

**Cases for Surgical Finals** CRC Press

*Stone's Plastic Surgery Facts: A Revision Guide, Fourth Edition* McGraw Hill Professional

An invaluable self-assessment tool for emergency medicine trainees in Australasia. Emergency Medicine MCQs is an essential resource for Australasia's emergency medicine trainees. A practical self-assessment tool, the book assists trainees as they expand and refine their knowledge of emergency medicine, and will ultimately help them pass the Australasian Emergency Medicine Fellowship examination (FACEM). The multiple-choice questions in Emergency Medicine MCQs cover both the core and non-core areas in the Australasian Emergency Medicine Fellowship. Using this text, trainees can revise alone or with their peers to identify the areas in which they need further development. The curriculum is divided into three main areas where trainees require expert level of knowledge, high level of knowledge and general level of knowledge. It covers important clinical problems encountered in everyday emergency medicine practice – from cardiovascular emergencies through to obstetric and gynaecology emergencies, disaster management and toxicology. As well as being ideal for emergency medicine trainees qualifying through AECM, the

book is a useful resource for GPs taking the GEM qualification through ACEM and JMOs 'on call'. Plus, this emergency medicine text is accompanied by an app – a separate product containing 180 randomised multiple-choice questions on all the topics within the book.

*MCQs in Plastic Surgery* UCL Press

The aim of this book is to provide a selection of representative MCQs together with a detailed explanation of each answer covering the topic in depth. Each chapter has been written by experienced Urological surgeons who have already been successful in passing the examination. In addition to the FRCS(Urol) examination MCQs form the basis of equivalent postgraduate Urological examinations internationally and the scope of this book will be an invaluable addition to individuals sitting the FEBU and similar exams in the USA, Australia and Asian countries.

Established consultants may also find the text useful as a 'refresher' in areas outside their subspecialist interest.

*Mcqs In Anesthesia* CRC Press

**Preparing to Pass the FRCA** OUP  
Oxford

This textbook provides a comprehensive overview of the state of the art knowledge of breast cancer management for the modern breast surgeon. It covers all aspects of multidisciplinary care including primary breast and axillary surgery, reconstruction and oncoplastic techniques, external beam radiotherapy and newer techniques such as tomotherapy, intraoperative radiotherapy and brachytherapy. In addition, systemic therapies including chemotherapy, the latest biological targeted therapies and endocrine therapies are covered. Readers can find out about other important aspects of breast cancer such as genetics, screening, imaging and long-term health among others. Chapters take the reader through the basics up to the highest levels of knowledge in an easy to understand format with management algorithms to aid clinical care, generous referencing of the best literature and

figures and photographs to illustrate each section. Published with the official approval of the European Society of Surgical Oncology (ESSO) and the European Society of Breast Cancer Specialists (EUSOMA), the book is written by a panel of recognised leaders in the field and is an indispensable guide for the practicing breast specialist and senior specialists in training, wishing to update their knowledge with the latest trends or polish off their training before accreditation.

**Schein's Common Sense Emergency Abdominal Surgery** Lulu Press, Inc

Written by experts from London's renowned Royal Free Hospital, *Textbook of Plastic and Reconstructive Surgery* offers a comprehensive overview of the vast topic of reconstructive plastic surgery and its various subspecialties for introductory plastic surgery and surgical science courses. The book comprises five sections covering the fundamental principles of plastic surgery, cancer, burns and trauma, paediatric plastic

surgery and aesthetic surgery, and covers the breadth of knowledge that students need to further their career in this exciting field. Additional coverage of areas in which reconstructive surgery techniques are called upon includes abdominal wall reconstruction, ear reconstruction and genital reconstruction. A chapter on aesthetic surgery includes facial aesthetic surgery and blepharoplasty, aesthetic breast surgery, body contouring and the evolution of hair transplantation. The broad scope of this volume and attention to often neglected specialisms such as military plastic surgery make this a unique contribution to the field. Heavily illustrated throughout, *Textbook of Plastic and Reconstructive Surgery* is essential reading for anyone interested in furthering their knowledge of this exciting field. This book was produced as part of JISC's Institution as e-Textbook Publisher project. Find out more at <https://www.jisc.ac.uk/rd/projects/institution-as-e-textbook-publisher>
