Pope Francis confuses many observers because his papacy does not fit neatly into any pre-established classificatory schemes. To gain a deeper appreciation of Francis's complicated papacy, this volume proposes that an interdisciplinary approach, fusing concepts derived from moral theology and the social sciences, may properly situate Pope Francis as a global political entrepreneur. The chapters in this volume ask what difference it makes that he is the first pope from Latin America, how and why different countries in the world respond to him, how his understanding of scripture informs his ideas on economic, social, and environmental policy, and where politics meets theology under Francis. In the end, this volume seeks to provide a more

robust understanding of the enigmatic papacy of Francis.

In the Andes, indigenous knowledge systems based on the relationships between different beings, both earthly and heavenly, animal and plant, have been central to the organization of knowledge since precolonial times. The legacies of colonialism and the continuance of indigenous cultures make the Andes a unique place from which to think about art and social change as ongoing, and as encompassing more than an exclusively human perspective. Beyond Human revises established readings of the avant-gardes in Peru and Bolivia as humanizing and historical. By presenting fresh readings of canonical authors like César Vallejo, José María Arguedas, and Magda Portal, and through analysis of newer artist-activists like Julieta Paredes, Mujeres Creando Comunidad, and Alejandra Dorado, Daly argues instead that avant-gardes complicate questions of agency and contribute to theoretical discussions on vital materialisms: the idea that life happens between animate and inanimate beings—human and

non-human—and is made sensible through art. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.

Llegamos a esta publicación a partir del trabajo conjunto, que compartimos durante tres años, en el marco del Proyecto "Recuperación de procesos de co-construcción interactoral del conocimiento, en el marco de una pluriversalidad cognitiva, para la transformación social en el campo del hábitat". En este sentido, la expresión de los ocho trabajos que se conforman este libro, es el resultado de reflexiones que acontecen desde las perspectivas de los autores en articulación con el camino recorrido en forma conjunta. Si bien cada trabajo posee una temática abordada desde la libertad de las autorías, los enfoques de cada uno de ellos, tanto cognitivos como ideológicos, plantean una visión común que habita la palabra a partir de experiencias situadas en territorios y junto a comunidades específicas, han expresado de diversas maneras la voluntad por permitirse pensar en otras condiciones y con otros elementos que pongan en juego nuevas relaciones y formas de vinculación con las realidades múltiples que contecen. Reflexionar acerca de los modos de comprender y conocer el mundo, desde una perspectiva diferente a la hegemónica, ha sido el motor de marcha de este grupo de personas que presentan hoy sus textos en esta publicación; siendo las temáticas abordadas y compartidas todas diferentes,

es indudable que, en todos los casos, la manifestación por una libertad cognitiva y de expresión, hace lugar a las reflexiones teóricas en articulación constante con experiencias situadas que de un modo u otro atraviesan la vida personal de cada uno de los compañeros de este libro, dando lugar a prácticas que bucean en nuevas formas de hacer investigación y de hacer política.

Majismo, a cultural phenomenon that embodied the popular aesthetic in Spain from the second half of the eighteenth century, served as a vehicle to "regain" Spanish heritage. As expressed in visual representations of popular types participating in traditional customs and wearing garments viewed as historically Spanish, majismo conferred on Spanish "citizens" the pictorial ideal of a shared national character. In Framing Majismo, Tara Zanardi

explores nobles' fascination with and appropriation of the practices and types associated with majismo, as well as how this connection cultivated the formation of an elite Spanish identity in the late 1700s and aided the Bourbons' objective to fashion themselves as the legitimate rulers of Spain. In particular, the book considers artistic and literary representations of the majo and the maja, purportedly native types who embodied and performed uniquely Spanish characteristics. Such visual examples of majismo emerge as critical and contentious sites for navigating eighteenth-century conceptions of gender, national character, and noble identity. Zanardi also examines how these bodies were contrasted with those regarded as "foreign," finding that "foreign" and "national" bodies were frequently described and depicted in similar ways. She isolates and uncovers the nuances of bodily representation, ultimately showing how the body and the emergent nation were mutually constructed at a critical historical moment for both.

The beloved Pulitzer Prize-winning novel, basis of the film starring Jack Nicholson and Meryl Streep. Francis Phelan, ex-big-leaguer, part-time gravedigger, full-time bum with the gift of gab, is back in town. He left Albany twenty-two years earlier after he dropped his infant son accidentally, and the boy died. Now he's on the way back to the wife and home he abandoned, haunted at every

corner by the ghosts of his violent life. Francis; his wino ladyfriend of nine years, Helen; and his stumblebum pal, Rudy, shuffle their ragtag way through the city's bleakest streets, surviving on gumption, muscatel, and black wit. estiny is not their business. 'The premise of *Ironweed* was so unpromising, that in marketing terms the writer still to this day finds it funny: the story of a bunch of itinerant alcoholics, knocking around Kennedy's hometown, falling out, having visions, trying to pass for sober to cadge a bed for the night in the homeless shelter.' Guardian 'But for all the rich variety of prose and event, from hallucination to bedrock realism to slapstick and to blessed quotidian peace, "*Ironweed*" is more austere than its predecessors. It is more fierce, but also more forgiving.' Quoted from the classic New York Times review of *Ironweed*, which made it an overnight sensation.
